Whereas, the economic competitiveness of the United States and the state of Missouri in the global economy, requires a well-educated workforce;

Whereas, students in Missouri currently average $25,844 in student loan debt upon graduation, which significantly hinders their ability to participate in the local economy;

Whereas, current and future young people in the United States and Missouri should have the same opportunity offered to those who went to college in previous generations, including the ability to attend State colleges and universities without taking on burdensome debt;

Whereas, at this point in time, higher education is more important than ever as it is an essential step to entering and remaining in the middle class;

Whereas, because of the importance of higher education, the United States and the state of Missouri should expand the opportunity to pursue and attain higher education to more people than had that opportunity in the past;

Whereas, public investment in higher education pays off, as evidenced by the fact the G.I. Bill resulted in a 7-to-1 return on investment for our national economy and that workers with college degrees earn more money, pay more taxes, and rely less on government services;

Whereas, student loan debt saddles the very students who most depend on a college degree to level the economic playing field with a burden that constrains career choices and hurts the credit rating of students, prevents people from fully participating in the economy by purchasing goods and services, and threatens essential milestones of the American dream - including the purchase of a home or car, starting a family, and saving for retirement; and

Whereas, the Schatz-Schumer-Warren U.S. Senate debt-free college resolution and the Grijalva-Ellison-Clark U.S. House debt-free college resolution have gained national momentum in recent months, and have become central in the national dialogue around higher education; and

Whereas, a national goal of debt-free college would include significant federal aid to states, including Missouri:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby supports efforts to enact national legislation that:

(1) Ensures all students have access to debt-free higher education, defined to mean having no debt upon graduation from any public institutions of higher education;

(2) Increases support to States so States can increase investments in higher education and bring down costs for students;

(3) Increases aid to students to help them cover the total cost of college attendance without taking on debt;

(4) Encourages innovation by States and institutions of higher education to increase efficiency, lower costs, and enable speedy and less-costly degree completion; and

(5) Reduces the burden of existing student loan debt; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each member of Missouri's Congressional delegation.

SECOND DAY—THURSDAY, JANUARY 7, 2016

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"Keep your hearts with all diligence; for out of it are the issues of life." (Proverbs 4:27)

Heavenly Father, as we conclude this short week we are ever mindful that we must keep our hearts firmly rooted in Your presence and be guided by faith in Your word. Help us pray daily so our lives are anchored in You and we live fully with those we love walking the path You have set for us. Watch our "going out and coming in" this day as we journey to be with those we love. In Your Holy Name we pray. Amen.

CONCURRENT RESOLUTIONS

Senator Schaefer offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 53

Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution which place limits on the federal government.

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people - particularly for the generations to come - to propose amendments to the United States Constitution through a convention of states under Article V to place clear restraints on these and related abuses of power:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby apply to Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and members of Congress; and

Be It Further Resolved that this application constitutes a continuing application in accordance with Article V of the United States Constitution until the legislatures of at least two-thirds of the several states have made applications on the same subject; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states requesting their cooperation.

Read 1st time.

CONCURRENT RESOLUTIONS

Senator Walsh offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 54

Whereas, meningococcal disease is any infection caused by the bacterium *Neisseria meningitidis*, or meningococcus. Although one in ten people are carriers for this bacteria with no signs or symptoms of disease, sometimes *Neisseria meningitidis* bacteria can cause illness; and

Whereas, meningococcal disease is spread from person to person through the exchange of bacteria through respiratory and throat secretion during close or lengthy contact; and

Whereas, in the United States, there are approximately 1,000 to 1,200 cases of meningococcal disease that occur each year; and

Whereas, ten to fifteen percent of infected individuals will die, while eleven to nineteen percent of those who live will suffer from serious morbidity, including loss of limbs and impacts to the nervous system; and

Whereas, infants under one year of age, as well as young adults between the ages of sixteen and twenty-one, are most commonly impacted by this disease; and

Whereas, there are different strains or serogroups of *Neisseria meningitidis*, with serogroups B, C, and Y accounting for most meningococcal disease in the United States; and

Whereas, there have been several recent outbreaks of serogroup B meningococcal disease on college campuses, with some cases resulting in death; and

Whereas, vaccines are available to prevent meningococcal disease, and different vaccines provide coverage against certain specific serogroups of the disease; and

Whereas, while there are vaccines that help provide protection against all three serogroups (B, C, and Y) commonly seen in the United States, only vaccination for serogroups A, C, W, and Y is routinely recommended by the Centers for Disease Control and Prevention; and

Whereas, the Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices recommends that decisions to vaccinate adolescents and young adults sixteen through twenty-three years of age against serogroup B meningococcal disease should be made at the individual level with health care providers; and

Whereas, it is critical that students, parents, educators, and health care providers understand the dangers of meningitis B and are aware that a vaccine is available to prevent disease resulting from this serogroup:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-Eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, urge the Missouri Department of Higher Education and the Missouri Department of Health and Senior Services to encourage all public and private high schools, colleges, and universities in Missouri to provide to all students, parents, and guardians about meningococcal disease information explaining the different disease serogroups, symptoms, risks, and treatment options; and

Be It Further Resolved that such information should also include a notice of availability, benefits, risks, and limitations of all meningococcal vaccines receiving a recommendation from the Advisory Committee on Immunization Practices, including Category A and Category B recommendations, with specific information as to those persons at higher risk for the disease; and

Be It Further Resolved that each public and private high school, college, and university in Missouri is urged to recommend that current and entering students receive meningococcal vaccines in accordance with current Advisory Committee on Immunization Practices guidelines; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Director of the Missouri Department of Higher Education and the Missouri Department of Health and Senior Services.

CONCURRENT RESOLUTIONS

Senator Holsman offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 55

Whereas, the first President of the United States George Washington stated, "The basis of our political systems is the right of the people to make and to alter their Constitutions of Government."; and

Whereas, it was the stated intention of the framers of the Constitution of the United States of America that the Congress of the United States of America should be "dependent on the people alone." (James Madison, Federalist 52); and

Whereas, that dependency has evolved from a dependency on the people alone to a dependency on those who spend excessively in elections, through campaigns or third-party groups; and

Whereas, the United States Supreme Court ruling in *Citizens United v. Federal Election Commission*, 558 U.S. 310 (2010) removed restrictions on amounts of independent political spending; and

Whereas, the removal of those restrictions has resulted in the unjust influence of powerful economic forces, which have supplanted the will of the people by undermining our ability to choose our political leadership, write our own laws, and determine the fate of our state; and

Whereas, Article V of the United States Constitution requires the United States Congress to call a convention for proposing amendments upon application of two-thirds of the legislatures of the several states for the purpose of proposing amendments to the United States Constitution; and

Whereas, the state of Missouri sees the need for a convention to propose amendments in order to address concerns such as those raised by the decision of the United States Supreme Court in *Citizens United v. Federal Election Commission* (2010) 130 S.Ct. 876 and related cases and events including those occurring long before or afterward or for a substantially similar purpose, and desires that said convention should be so limited; and

Whereas, the state of Missouri desire that the delegates to said convention shall be comprised equally of individuals currently elected to state and local office, or be selected by election, in each congressional district for the purpose of serving as delegates, though all individuals elected or appointed to federal office, now or in the past, be prohibited from serving as delegates to the convention, and intends to retain the ability to restrict or expand the power of its delegates within the limits expressed above; and

Whereas, the state of Missouri intends that this be a continuing application considered together with applications calling for a convention passed in the 2013-2014 Vermont legislature as R454, the 2013-2014 California legislature as Resolution Chapter 77, the 2013-2014 Illinois legislature as Senate Joint Resolution No. 42, and all other passed, pending, and future applications, the aforementioned concerns of Missouri notwithstanding until such time as two-thirds of the several states have applied for a convention and said convention is convened by Congress:

CONCURRENT RESOLUTIONS

SENATE CONCURRENT RESOLUTION NO. 56

Relating to May as Cystic Fibrosis Awareness Month in Missouri.

Whereas, cystic fibrosis, commonly referred to as "CF", is a genetic disease affecting approximately 30,000 children and adults in the United States and nearly 70,000 children and adults worldwide, over 700 of whom live in Missouri; and

Whereas, a defective gene causes the body to produce an abnormally thick, sticky mucus that clogs the lungs, and these secretions produce life-threatening lung infections and obstruct the pancreas, preventing digestive enzymes from reaching the intestines to help break down and absorb food; and

Whereas, more than 10 million Americans are symptomless carriers of the defective CF gene, and CF occurs in approximately one of every 3,500 live births in the United States; and

Whereas, the median age of survival for a person with CF is 39.3 years; and

Whereas, with advances in the treatment of CF, the number of adults with CF has steadily grown, and approximately 900 new cases of CF are diagnosed each year; and

Whereas, 50% of the CF population is 18 years of age and older, and people with CF have a variety of symptoms attributed to the more than 1,800 mutations of the CF gene; and

Whereas, infant blood screening to detect genetic defects is the most reliable and least costly method to identify persons likely to have CF; and

Whereas, early diagnosis of CF permits early treatment and enhances quality of life and longevity and the treatment of CF depends on the stage of the disease and the organs involved; and

Whereas, clearing mucus from the lungs is an important part of the daily CF treatment regimen, and other types of treatments include inhaled antibiotics and pancreatic enzymes; and

Whereas, there are 8 world-class treatment centers in Missouri which specialize in the diagnosis of CF and the care of persons with CF; and

Whereas, a critical component of treating patients with CF includes access to innovative treatments, which can play a crucial role in the lives of patients with CF; and

Whereas, improving the length and quality of life for people with CF starts with awareness:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby designate every month of May as "Cystic Fibrosis Awareness Month" in Missouri; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Journal of the Senate

SECOND REGULAR SESSION

EIGHTH DAY—WEDNESDAY, JANUARY 20, 2016

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"A word fitly spoken is like gold." (Proverbs 25:11)

Gracious Lord, we are so mindful how people listen to what we say and how they use our words for good or ill. So, help us to prepare well for what we say and write and be efficient and aware of those who are our audience. May we also be mindful of how we too listen, so we hear what is said and not what we may have thought was conveyed. And we pray, bless us to study and be disciplined in what we need to accomplish here that is helpful for others. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

Thank you, Lt. Gov. Kinder, Speaker Richardson, President Pro Tem Richard, members of the General Assembly, Judges of the Missouri Supreme Court, state officials, members of my cabinet and honored guests.

I'm also delighted to be joined this evening by Missouri's First Lady - my wonderful wife, Georganne, and our sons Jeremiah and Will.

Thirty-two years ago, I was a young Jefferson County lawyer beginning a campaign for the state Senate, asking people to believe in my passion, my work ethic and my vision.

The people of my home county gave me their votes and an opportunity for a life in public service that has brought me to this moment.

The world is a very different place than it was in 1984. But as people, our hopes, dreams and fears haven't changed.

And politics at its core isn't different at all. It is still a great contest of ideas and how to put them into action.

So tonight I want to highlight some of the real progress - and outline the perils of inaction - on the critical issues that face us now.

Growing up in DeSoto, I went to Central Elementary School. Back then, students with challenges were warehoused in a separate building. At recess, they were the targets of jeers.

I remember at a young age understanding that this was wrong, and trying my best to do something about it. That experience taught me some fundamental lessons that have stayed with me ever since.

We aren't all given the same gifts, but we all have the same rights. And our service will ultimately be measured at Heaven's doorstep by what we did - or did not do - to help those in need.

Seven years ago I stood right here and talked about our shared values as Missourians.

Those values haven't changed. Values don't.

And the goals of progress, based on those values, haven't changed either.

Tonight - my final time at this podium speaking to Missouri, to you in this room, and to history - I will be clear about my vision for a shared path forward...and the steps we can to take to grow our economy, improve our schools, care for those in need and earn the trust of the people we serve.

And I pledge to you that I will do everything I can, with the power entrusted in me, to move us - to move you - to action.

Action carries risks. But it's the risk-takers who make history.

Inaction is always easier. But inaction is also a decision with real consequences. So tonight I ask all Missourians - and especially those in this room - to join with me.

Choose action over inaction to make life better for the people of our state.

Don't fight for partisan reasons - yours or mine. Instead, let's join together to fight for progress.

In my first state of the state address in 2009, I set five broad goals for our state based on values we share as Missourians. And on four of these five goals, we've taken huge strides.

My first priority was jobs... and since the worst of the downturn, more than 100,000 new jobs have been created in Missouri.

Second, as Chief Executive, I pledged to take the actions necessary to balance the state budget every year without raising taxes, because we believe in fiscal responsibility. We did so for seven straight years, and will continue on that path under my budget.

My third goal was to make college better and more affordable, because education is the key to our future. Today, Missouri is number one in the country for keeping a lid on tuition increases, and under my budget we'll stay number one this year.

My fourth goal was to provide more Missourians with better health care. Today, 100,000 more children have health care than the day I took office.

And this year, we'll make historic investments to help Missourians with developmental disabilities and mental illness live with dignity and hope.

The fifth goal I set was ethics reform. Let's get real ethics reform on my desk this session so I can sign it into law.

Honest, transparent and accountable state government starts with remembering what we're here to do, and who we're here to serve:

People like Sarah Galbraith and Alan Doan. Eight years ago, they took a risk and started the Missouri Star Quilt Company in the small town of Hamilton. Now it's the largest employer in Caldwell County - and brings thousands of visitors to Hamilton each year.

People like Rebecca Balfanz - a mother who grew up in foster care and who is now on track to finish her degree in elementary education early from WGU-Missouri, to make life better for her kids.

And people like Kelsey Mack. Kelsey has cerebral palsy, but she didn't let it stop her dream. She opened a shop in Blue Springs selling items made exclusively by people with disabilities, to help them be more independent and empowered.

Like so many Missourians, these folks didn't fold in the face of a challenge. They persevered. Because that's what the people of Missouri do.

Just a few short weeks ago, floodwaters inundated many parts of the state, claiming 16 lives and threatening hundreds more. And as always, Missourians stood together, and reached out to help their neighbors in need.

Let me share one remarkable story with you.

On Dec. 27, just after 2 a.m., a call went out to the Missouri State Highway Patrol about a man who had been swept away by the floodwaters of the Pomme de Terre River in Polk County.

Corporal David Brown and Trooper Robert Garrett sprang into action. As they neared the Highway 215 Bridge, they could hear someone shouting for help, but it was far too dark to see on that cold night.

In spite of the danger, they launched a jet boat into the raging river. As Trooper Garrett steered through the treacherous currents, their spotlight hit the face of a young man desperately clinging to the branches of a tree ten feet above the water's surface.

As the man began to climb down to his rescuers, he slipped and fell into the freezing river. Before the swift current could pull him under, Corporal Brown hauled him into the boat and got him safely to dry land.

Their training paid off; a life was saved.

The willingness to risk their lives for others is a defining characteristic of all those who answer the call to service - as first responders, law enforcement officers and members of the military. They run toward danger, not away from it.

Corporal Brown and Trooper Garrett, please stand. You represent all those who serve our state and our nation with honor. Please accept the thanks of your state.

As Governor, I've seen many natural disasters - from floods and drought, to ice storms and tornadoes. We seem to get more than our fair share.

Maybe that's why Missourians have such grit... fortitude... and a relentless work ethic. No one works harder or competes tougher.

That's why job creation was the first goal I set back in 2009 - and why it continues to be my top priority moving forward. In '09, Missouri's unemployment rate spiked to nearly 10 percent; today, it's down to only 4.4 percent - 4.4 percent, that's lower than the national average, and the lowest it's been in 15 years.

When I took office, the auto industry in Missouri was on life support. Today, it's back and booming, and Missouri is home to the most productive Ford plant in the world.

When I took office, a lot of talented entrepreneurs couldn't get access to the capital they needed.

Today, Missouri is number one in the nation in new business creation.

GDP is up, home prices have rebounded, and personal income continues to rise.

The state of our state is strong - and getting stronger each day. But we can't let up.

We need to keep our economy moving - keep our fiscal house in order, and keep our AAA credit rating intact.

The balanced budget I present tonight continues our commitment to my second goal: fiscal responsibility.

Over the last seven years, we've made state government smaller, smarter and more efficient - while making $2 billion in cuts necessary to balance the budget. Not everyone liked those cuts, and they weren't easy to make. But Missouri is stronger today because we took action.

In an election year like this, there are folks out there who claim the size of government has grown, and that spending is out of control.

Maybe that's true in Washington. But not here in the Show-Me State.

Here in Missouri we balance our budgets, we pay the bills, and we pay down debt.

In fact, when I leave office, we will have less debt than when I came in.

State government today is 5,087 positions smaller than when I took office, and under my budget it will keep getting smaller. 5,000 is about the size of my hometown of DeSoto, or all of Putnam County.

Balancing budgets. Paying our bills. Protecting our AAA credit rating.

Responsibility and accountability matter - that's what taxpayers expect and what they deserve.

Our AAA rating is the gold standard. It tells businesses around the globe that the Show-Me State is a smart place to invest. And it's a big selling point for our state.

Time and time again it has been a deal-closer for Missouri - unlike Illinois, which can't even pass a budget, or Kansas, which can't even pay its bills.

And both of those states had their credit ratings downgraded. Meanwhile, Missouri's economy keeps growing.

Last week I was back at the auto show in Detroit, where - once again - the spotlight was on the all-new vehicles built with pride here in Missouri.

Before I took office, auto plants were closing; one out of every three jobs in the automotive industry in Missouri had disappeared. And the first time I went up to the Auto Show, the mood was grim.

Seven years later, more than 24,000 men and women are working at auto plants and suppliers in Warrensburg and Willow Springs; Perryville and Portageville; Mexico and Moberly; in Troy, Dexter, New Haven and, of course, St. Louis and Kansas City, where employment at the Ford and GM plants has more than doubled.

Today, Missouri workers build the toughest, safest, most innovative and in-demand vehicles in the world:

The Ford F-150 - America's best-selling pickup truck: Made in Missouri.

The 2016 Truck of the Year, the Chevy Colorado: Made in Missouri.

The best-selling commercial van in the U.S., the Ford Transit: Made in Missouri.

American made - Missouri strong.

And by rebuilding the American auto industry, we're helping rebuild the middle-class.

Last year every union worker at Ford and GM got a huge bonus: thousands of dollars, right into the pockets of the working men and women of our state. Those bonuses paid off credit cards and student loans… put Royals hats and Cardinals jerseys under the Christmas tree… and poured tens of millions of dollars into our economy.

Last year, if you'll recall, we were joined by a crowd of cheering autoworkers who came to the Capitol to show their gratitude for the work we did here.

They're not here tonight - because they're working. Demand is so high they even had to give up lunch breaks at the GM plant.

So next time you see one of those shiny new Colorados or F-150s, remember who built them: skilled union workers, making good union wages, and keeping the American dream alive right here in the Show-Me State.

But the economic growth we've seen isn't just in Kansas City and St. Louis, it's in Sedalia and Springfield, St. Joe and Joplin.

Joplin…where the population is greater today than it was before the tornado in 2011, and where the economy is going strong.

With faith and courage, the people of Joplin rebuilt their community from the ground up - planting trees and painting murals; rebuilding homes and hospitals, schools and churches, playgrounds and businesses.

One of those new businesses belongs to Toby Teeter, an entrepreneur I met at Joplin's Newman Innovation Center. About a year ago, Toby started a tech company called LocalRaces.com. It builds websites that communities and charities can use to organize running events, from 5ks to marathons.

Toby's biggest challenge was finding the funds he needed to get his concept up and running. Our Missouri Technology Corporation provided $100,000 in seed capital that Toby was able to match with private investments. Today, Local Races dot com is growing, and hiring - creating high-tech jobs in the heart of Joplin.

Please join me in recognizing Toby, his wife Ashleigh, and all the entrepreneurs who are helping to make Missouri a hub of technology and innovation.

Thanks to the work we've done here, MTC has already helped startups across the state leverage more than $200 million in private investment.

Maybe that's why recent census data showed that Missouri was number one in the nation in creating new businesses - number one.

While new business creation declined in 39 states, Missouri bucked that trend with a dramatic increase in startups. That's a very big deal.

To continue this momentum, my budget increases funding for the Missouri Technology Corporation by $10 million to help more entrepreneurs innovate and grow right here in the Show-Me State.

Tourism is another important part of our economy.

That's why, when I took office, I wanted to reverse a 10-year decline in state park attendance. While budget cuts forced other states to close parks or charge entrance fees, we kept ours open - and free for all.

Missouri has been recognized as the best state in the nation for camping and hiking. Last year, our state parks had more than 19.2 million visitors. That's a new record and an increase of nearly 30 percent since 2008. More young people are out hunting in our woods and fishing in our lakes and streams.

With our focus on marketing Missouri to the world, tourism's economic impact in the Show-Me State has surged by nearly 30 percent, supporting nearly 300,000 jobs. To continue this success, my budget this year includes another $3 million to get the word out about all Missouri has to offer.

For example, this year, we will extend the Katy Trail all the way across our state and expand our park system, giving folks even more reasons to enjoy the outdoors, and spend money in the Show-Me State.

When we talk about ways to keep our economy moving forward, we've got to include Missouri's number one industry: agriculture.

My budget includes funding for scholarships for the next generation of Missouri dairy farmers, and additional resources to increase the value of our cattle industry.

I would like to recognize our outstanding Agriculture Director Richard Fordyce, up in the gallery. He's got a great group of folks with him tonight: the hardworking producers who earned the Governor's Award for Agricultural Achievement.

People talk about agriculture being the backbone of our state. Well, these folks are the backbone of agriculture.

When your alarm clock goes off in the morning, they're already up, breaking the ice in the stock tank.

When you're kicking back in the recliner after dinner to watch your favorite TV show, they're out in the shed, working on the tractor.

This year's winners hail from every part of our state - New Madrid to Norborne, Aurora to Fayette - raising corn, beans, apples, timber, chickens and hogs.

Please join me in thanking them for all they do to feed, fuel and clothe our state, our nation and our world.

Our producers are doing their part. Now we have to do ours.

We can't sell Missouri goods if we can't get them to market.

That's why my budget invests an additional $5 million to improve and expand our ports - so we can ship more Missouri goods around the world and create more jobs here at home.

We've also got too many bad roads and rickety bridges. We all know it, and it's time to act.

Roads aren't free. Last time I checked, nobody was giving away concrete and asphalt.

I've been clear about my position: if you use the roads, you should help pay for them. What I don't support is taking money that should go to schools, law enforcement and mental health, and using it to patch potholes.

With gas prices the lowest they've been in more than a decade, now is the time to get this done.

Senator Libla, I appreciate your leadership in this area. I'm looking for your bill to move into the passing lane and get to my desk this year. Let's work together to move transportation forward in Missouri.

Another way we can continue to strengthen our economy is by strengthening Missouri families. Finding good, affordable childcare is a challenge for every working family in America - and especially those with low incomes. That's why my budget makes child care more affordable for 20,000 low-income working families, reducing their out-of-pocket costs.

And this year, we are going to expand family-friendly policies like parental leave for state employees.

It's good for kids, it's good for families - and it's good for our state.

We need to strengthen all families.

In July, I signed an executive order to ensure compliance with the U.S. Supreme Court's decision establishing a right to same-sex marriage. No one should be discriminated against because of who they love.

We've come a long way on this issue, but there is more to be done. It is unacceptable that Missourians can still be fired for being gay. That's wrong, it's not who we are - and it must change.

I repeat my call for the General Assembly to pass the Missouri Nondiscrimination Act, which would prohibit discrimination against LGBT Missourians in employment, housing and public accommodations.

Equal opportunity and social justice go hand-in-hand; one cannot exist without the other.

We are upholding these principles and restoring trust through sweeping municipal court reforms and improved police training.

Our POST Commission has put forward strong new rules to update and enhance Missouri's police training standards. We also need to update our use of force statute. Let's support our cops - and the communities they serve. Let's get this done.

The third priority I identified when I took office was education. Public education is the best economic development tool we've got, and it's a value we share.

Our children need an education that prepares them to be critical thinkers and problem-solvers - innovators who will rise to the challenges of climate change and food production, harness clean energy, and conquer disease.

That's why, even during the worst of the recession, we never backed away from our commitment to support our public schools. We provided record funding - and set higher expectations.

There were some who doubted whether our students and schools were up to the challenge, who said the new state standards were too tough, too ambitious.

I disagreed. I knew that if we raised our expectations, our students would rise to meet them. No gimmicks or voucher schemes - just great teachers, the right tools, strong communities, and a shared commitment to excellence.

And we are getting results. Test scores are rising. Our graduation rate is now in the top 10 in the nation. And more high school graduates are college ready.

My budget ensures that education remains a top priority with an increase of $150 million - record funding - for our local public schools.

That includes funding for the foundation formula, special education, transportation, and struggling school districts.

And for the first time, we'll be funding early childhood education through the foundation formula, giving more than 2,500 kids access to high quality pre-school this year.

Under my budget, troubled schools will get the early-intervention and support they need to turn things around. And more students in low-income communities will have the opportunity to learn 21st Century skills like computer science.

These investments in our future are possible because over the last seven years - even in the throes of the Great Recession - we kept our fiscal house in order and made smart decisions about our priorities, like education.

Because we did, the budget I present tonight invests $400 million more in the K-12 foundation formula than when I became Governor.

Funding is an essential part of the equation for successful schools. So is the drive to succeed.

Tonight we are joined by Dr. Scott Spurgeon, superintendent of the Riverview Gardens School District in St. Louis County, and some of Riverview's outstanding high school seniors.

The district includes areas of high crime, poverty and unemployment. Like so many urban school districts, that combination can create tough challenges for teachers, students and families. But under Dr. Spurgeon's dynamic leadership, the district has rallied.

Dr. Spurgeon played some serious baseball as a young man. He knows what it takes to compete and to win.

So it shouldn't come as a surprise that Riverview was the most improved school district in the state last year, and continues to make dramatic progress. You want to see what relentless focus and hard work can do?

Meet the outstanding, college-bound students here with us tonight - Cameron Johnson, Darius Bass, Cordell Billups, Kristofer Grant, Devyn Walton and Shannon Washington.

Please join me in congratulating Dr. Spurgeon and these talented young people.

In 2009, too many kids couldn't afford college - and those who did get a degree were saddled with too much debt.

But today, more kids are going to college, getting their degrees - all while taking on far less debt than the national average. We're talking thousands of dollars less.

In fact, Missouri is number one in the nation in holding down tuition increases at our four-year institutions. Number one.

This year, we will strengthen Missouri's position as a leader in college affordability and quality.

First, my budget includes an additional $56 million in performance funding. And with this historic investment, our public colleges and universities will once again freeze tuition for Missouri undergraduates this fall. They won't pay a penny more.

We're also upping our investment in Missouri's A+ scholarship program to keep up with increasing demand. When I took office, fewer than half the schools in the state were A+, but today nearly all of them are - because I believed every student deserved an opportunity to earn an A+ scholarship.

For low-income families, we're putting more money in Access Scholarships - reducing the cost of college for tens of thousands of students.

By focusing on affordability and demanding quality, we've driven a surge in college completion. Last year, more than 50,000 students earned a degree from one of our public institutions - up 36 percent since I took office.

Thirty-six percent. That's a big number - and a lot of proud parents.

My budget provides more resources to train even more Missourians for careers in high-demand health care fields.

And thanks to people in this room and our AAA credit rating, there are construction projects underway right now on campuses across the state: an engineering building at Mizzou, chemistry and biology labs at UMKC and Missouri S&T, renovations at Baldwin Hall at Truman, 19 new labs at St. Louis Community College... and the list goes on.

The best way to secure our future is by investing in the people who will lead it - the next generation. We're making a difference. Let's keep it up.

Let's also work together to protect kids and consumers by reining in the billion-dollar daily fantasy sports industry.

Let's get real: this is gambling, kids are playing, and it's completely unregulated. And there are lobbyists in this building who want to keep it that way. If you're going to legalize it, we must regulate it and tax it just like we do casinos.

This industry should follow the law, play by the rules, and pay its fair share. This could mean millions of dollars a year for education.

I spoke earlier about the children with special needs at my elementary school, who were made fun of on the playground because they were different. Doing more for children like them has been a passion of mine ever since.

When I took office, insurance companies didn't cover therapy for thousands of Missouri kids with autism. Today, thousands of children are receiving life-changing therapy because we worked together and passed landmark autism legislation.

And with increased funding in my budget, we will build a new autism center at Truman State University, expand the Thompson Center for Autism in Columbia, and increase services at Mercy Kids Autism Center in St. Louis. That means more research, more treatment, better training and healthier kids.

When I took office, Missourians with developmental disabilities had to wait years for in-home Medicaid services. Today, there is no waiting list. Zero.

Under my budget, it will stay at zero - and we'll provide additional resources to those who care for Missourians with developmental disabilities.

We also need to reach out to those Missourians with severe mental illness.

When I took office, some of these people were locked up in a dangerous and decrepit facility in Fulton, first opened in 1851. It will soon be replaced by a state-of-the-art psychiatric hospital dedicated to modern treatment, rehabilitation and research.

Too often Missourians with severe mental illness can't afford the treatment they need. And so they bounce in and out of our jails and emergency rooms - and back out onto the streets. It's expensive, counterproductive and no way for anyone to live.

My budget includes $1.6 million to get those folks out of our emergency rooms, off the streets, and into treatment.

Today, in every county in the state, mental health professionals are partnering with local law enforcement to help those suffering from chronic mental illness find treatment and stability.

But our work is not finished.

Our goal is to help more individuals get into treatment earlier, before they reach a crisis point.

That's why this year we will roll out a crisis prevention program for Missourians between the ages of 21 and 35 with serious mental illness and substance abuse problems.

And while we're at it, Missouri needs to join the other 49 states in the nation, get a prescription drug monitoring program, and start to get a handle on the epidemic of opiate abuse.

In total, my budget includes an increase of nearly $200 million for services to help Missourians with developmental disabilities and mental illness.

These programs change lives. They save lives. We can work together to make our communities safer, healthier and stronger.

We also need to provide quality care for our proud veterans, including thousands of men and women who served in Vietnam. Last year, I signed legislation to provide $33 million in improvements to our veterans' homes.

But we can do more. My budget includes funds for the design of a new veterans home, so that no veteran has to languish on a waiting list.

They did their duty - let's do ours.

There's a lot of rhetoric in politics today about helping working families. How about helping them get health care?

Right now we've got a backward system in our state. It encourages folks to sit at home and not work, and punishes working Missourians with jobs that don't offer health insurance.

More than 30 states already have expanded Medicaid, including ten with Republican legislatures.

This should be the year that we find a way forward, with a Missouri solution that rewards work, demands personal responsibility, brings our tax dollars home, and gives health care to 300,000 working Missourians.

Make no mistake - inaction has real consequences. It's time to stop playing politics with people's lives. Do the right thing and give them access to health care.

The fifth goal I set when I took office was ethics reform. Missouri's ethics laws are a disgrace - the weakest in the nation.

The people of Missouri are nobody's fools. They understand that a donor who writes you a fat check expects something in return.

They know that if a lobbyist showers you with gifts, or takes you to the country club for cocktails and the surf-and-turf, he's going to lean on you before dessert.

They know it's wrong for legislators to launder campaign contributions by paying each other for political advice. Missouri has got to clean up its act.

I want to thank Speaker Richardson for pushing forward on this issue. But we're a long way from the finish line. Let's come together, restore the public's trust and pass real ethics reform now.

Before I close, I'd like to introduce you to a family that demonstrates the kind of difference we can make when we work together.

Paul and Jennifer Johnson are originally from Indiana. Paul was an electrician at the GM plant in Kokomo, and Jennifer was a stay-at-home mom. But in Indiana, GM was downsizing and Paul got laid off. He had just drawn his last unemployment check when he got an offer to work at the GM plant here in Missouri. He jumped at the chance.

Six months later, Jennifer got a job at the plant as well. Now they're both building next-generation vehicles here in the Show-Me State.

They like living in Wentzville so much that they convinced their daughter and her two kids to move nearby. Jennifer says the school district is awesome.

But the biggest upside of their move is how well their grandson, Tristan, is doing. Tristan has autism. Before their move to Missouri, he was nonverbal. But with the help of therapy, he's now speaking - and thriving. Jennifer says it's had a huge impact on their family.

Paul and Jennifer are here with us tonight and I want to thank them for reminding us what Missouri is all about. We work hard. We build things. We care for people who need it. And we welcome everyone.

In the past three decades, I've learned a great deal from the people I've had the privilege to serve.

I've learned that Missourians are stronger, more resilient and more generous than you could ever imagine.

I've learned that Missouri's rich diversity is not a weakness - it's a strength.

I've learned that Missourians never shy away from a challenge. We listen, we learn and we get better.

I've also learned that there's a big difference between politics and public service.

Politics is a horse race, but the stakes are much higher than winning the election. The real prize is the opportunity to make life better - for people you don't know and may never meet.

And I am profoundly grateful that the people of Missouri have given me that high honor.

My mom taught kids with developmental disabilities. She worked hard at a job she loved, cared deeply for others, and always stood up for what she knew was right.

She passed away before I became a state senator. But I am still trying to live up to her expectations and ideals - that we have an obligation to serve all Missourians: young and old, rich and poor, black and white, gay and straight, new arrivals and native sons.

And when we work together - guided by our shared values - and focus on the right things, we can make a lasting difference.

When I started in this job, Missouri was staring down the barrel of a crisis - unemployment was skyrocketing, factories were closing, and people were losing their homes and cars.

Some of you were here then - Senator Walsh, Senator Wasson, Representative Engler - you remember: it was rough.

We were getting WARN notices practically every day about layoffs.

But we had a plan. We stuck to it.

And we delivered: a hundred thousand new jobs; a balanced budget every year without higher taxes; better schools and affordable college; and healthier kids.

Do we have more work to do? Of course.

But look where we are now: 4.4 percent unemployment, personal income and GDP on the rise, number one in new business creation, AAA

credit rating intact.

I appreciate those of you in this room who put progress before partisanship to move our state forward.

But as always, the real credit belongs to the people of Missouri.

Together, Missourians of every generation have worked hard to build a brighter future.

Our enduring values have guided us through good times and bad.

And because I share those values, I am optimistic about our future - optimistic that the people of Missouri will prevail in the face of every challenge, and enjoy the blessings of freedom, equality and prosperity for years to come.

Let's use the brief time that remains to each of us, to work together and leave Missouri better than we found it.

God willing, it will be.

Thank you and God bless.

SECOND REGULAR SESSION

NINTH DAY—THURSDAY, JANUARY 21, 2016

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"You have put gladness in my heart more than when grain and wine and oil increase." (Psalm 4:7)

O Lord, as we complete this week and head back home to those we love, make our hearts experience the joy and warmth we have for them and share those thoughts and feelings with them. And, let us find ways to honor their sacrifice for us and show our appreciation for what they have done to help us, so we can do what You have given us to do. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

SENATE CONCURRENT RESOLUTION NO. 58

Whereas, the National Geospatial-Intelligence Agency West Campus Headquarters, now located in the southern area of St. Louis, is currently considering a new site in the St. Louis region to build a new facility; and

Whereas, the state of Missouri has shown its resolve to build a new facility in Missouri by authorizing an additional twelve million dollars per year to the tax increment financing cap to be used solely for projects for the retention of the National Geospatial-Intelligence Agency in Missouri; and

Whereas, the new National Geospatial-Intelligence Agency facility would result in major benefits to the visual character of the site and other non-major benefits such as health and safety improvement, construction spending, induced employment, cleanup of existing hazardous contamination, and land use improvements; and

Whereas, the short-term and long-term economic potential of this project will leave a positive impact on the city and the state for years and generations to come; and

Whereas, the North St. Louis building site is the preferred location for the next National Geospatial Agency West facility as the state seeks to rebuild North St. Louis through jobs, safety, and more economic development opportunities; and

Whereas, both the St. Louis County Executive and the Mayor of St. Louis agree the North St. Louis site is ideal:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the National Geospatial Intelligence Agency to remain in Missouri and construct a new facility at the proposed St. Louis building site; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Director of the National Geospatial-Intelligence Agency, Robert Cardillo.

Senator Emery offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 59

Whereas, the growth and abuse of federal regulatory authority threaten our constitutional liberties, including those guaranteed by the Bill of Rights in the First, Second, Fourth, and Fifth Amendments to our Constitution; and

Whereas, federal regulators must be more accountable to elected representatives of the people, and not immune from such accountability; and

Whereas, the United States House of Representatives has passed with bipartisan support the Regulations from the Executive in Need of Scrutiny (REINS) Act to require that Congress approve major new federal regulations before they can take effect; and

Whereas, even if enacted, a law may be repealed or waived by a future Congress and President:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge that the United States Congress vote to propose the Regulation Freedom Amendment to the United States Constitution as follows:

"Whenever one quarter of the members of the United States House of Representatives or the United States Senate transmits to the President their written declaration of opposition to a proposed federal regulation, it shall require a majority vote of the House of Representatives and the Senate to adopt that regulation."; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, and each member of the Missouri Congressional delegation.

Journal of the Senate

SECOND REGULAR SESSION

ELEVENTH DAY—TUESDAY, JANUARY 26, 2016

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Senator Dixon offered the following prayer:

In the 44th Psalm we hear: "We have heard with our ears, O God, Our fathers have told us, the deeds You did in their days, in days of old: You drove out the nations with Your hand, but You planted them; You afflicted the peoples, and cast them out. For they did not gain possession of the land by their own sword, nor did their own arm save them; but it was Your right hand, Your arm, and the light of Your countenance, because You favored them."

God of our fathers, as we seek to do what is right rather than just what is expedient, we ask again today for Your enlightenment upon our understanding. We need it, and we know of Your deeds of old, so we are confident You can save us today from our human ways. We recall the words of former president William Howard Taft: "The world is not going to be saved by legislation." In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Joint Committee appointed to wait upon the Chief Justice of the Supreme Court, Patricia Breckenridge, escorted the Chief Justice to the dais where she delivered the State of the Judiciary Address to the Joint Assembly:

Chief Justice Patricia Breckenridge

State of the Judiciary Address

Thank you, Lieutenant Governor Kinder, Speaker Richardson, President Pro Tem Richard, members of the General Assembly, the executive branch, and the judiciary. It is a privilege to be with you to examine how we can continue our tradition of collaboration and innovation in improving Missouri's courts.

I am proud to be a lifelong Missourian. I was born and raised in Nevada, in Vernon County. I am a product of the public schools of this state, but it almost wasn't so. I began college at the University of Arkansas. During the summer after my freshman year, the young man I was dating convinced me to transfer to the University of Missouri. After I had transferred, he commented that, even if the relationship did not last, at least I would get a better education. I ultimately earned MU degrees in agricultural economics and law. And the young man who convinced me to return to Missouri? His name is Bryan, and we will celebrate our 40th anniversary in May. Bryan, will you please stand?

I am thankful for the values taught to me by my parents – my father, Don Russell, a small-town lawyer with a general practice, and my mother, Barbara Reed, a retired elementary teacher from Springfield. Dad died two years ago, but my mother and my dear aunt, Judy Wood, are here with me today. Thank you, Mom – you are a wonderful mother and role model.

Last week, I began my 35th year as a Missouri judge. I served nine years as a trial judge, 17 on the court of appeals and am in my ninth year

on the Supreme Court. When I was appointed by Governor Bond to be the associate circuit judge of Vernon County, I was 28 years old – only four years out of law school. I should have been intimidated under those circumstances, but I wasn't. Some – many, in fact – might say that I didn't know enough to be afraid. But the truth is, as young and inexperienced as I was, I believed I could be a good judge because I cared about the people of Vernon County who brought their problems to court and about the law.

When I joined the judicial system, I found it was filled with principled people who also cared. I was supported and taught by a host of court clerks, attorneys and judges who helped me by sharing their experiences and knowledge. I learned from everyone – even criminal defendants!

Criminal defendants taught me the importance of respect in our court system. I learned when people who appear in court are treated with respect, they, in turn, treat the judge and the court with respect. Experience proved, when defendants understand their rights, the criminal charges against thee, and court procedures, they more readily accept even harsh sentences because they believe the process is fair.

Due process and the rule of law make this country unique. Our judicial system is a coequal branch of government where citizens go to peaceably resolve their disputes and to protect their rights. We only have to turn on the television to see the stark contrast with other parts of the world.

Like the legislative and executive branches, courts are accountable to the will of the people – but in a different way. Those branches are designed to be responsive to the current interests and needs of the voters, but courts are held accountable to the will of the people as expressed in the constitution and laws enacted by you and by past members of this body.

Missouri citizens must have faith and trust – that in our courts they will be treated respectfully and fairly and that their cases will be decided impartially according to the law.

Missourians come to court for many reasons – because they have been charged with speeding or armed robbery, their loved one's estate needs to be probated, they can't agree on child support or child custody, or they are business owners trying to get compensated for the products they have sold. To the people involved, their cases are the most important thing in their lives. They remind us that the judicial system's purpose is the fair and impartial resolution of *every* case.

My colleagues – the judges of the Supreme Court and the other judges and commissioners in Missouri's judicial system – work daily to properly administer justice in courtrooms all around the state. Courts clerks, juvenile officers, prosecutors, defense attorneys, and judges all must respect the law and strive to fulfill the courts' purposes and responsibilities. Some dedicated court staff, judges, and attorneys from our state are with us today. Would you please stand to be recognized?

But as we learned, there are courts in our state that were not true to our system of justice. After Michael Brown's death in Ferguson and the resulting Department of Justice report, the municipal divisions in St. Louis County were thrust into the national spotlight. This focused attention on all our municipal divisions.

When constitutional changes restructured the Missouri judicial system in 1979, freestanding municipal courts became divisions of the circuit court, but they were not fully integrated into the state system. Instead, the law left the selection of judges and staff to the municipalities, which may have caused some court personnel to promote the interests of their municipality over the interests of justice.

The constitution places the municipal divisions under the supervision of the circuit courts. Ultimately, the supervision of all courts rests with the Supreme Court. The issues of the St. Louis County municipal divisions have caused the Supreme Court to reexamine the performance of those supervisory roles.

Municipal courts are, in fact, part of our Missouri circuit courts and as the most frequently used division of our courts they may be the only kind of court most Missourians encounter. Last year, more than 1.4 million municipal cases were disposed – twice as many cases as in all other circuit divisions.

The legislature has taken action in response to the problems demonstrated by events in Ferguson, and I know you are considering additional changes to the law during this session.

The Supreme Court recognizes that the vast majority of our municipal divisions function as they should, but we are committed to restoring trust in *all* our municipal divisions, and changes have been made:

- There is improved access to information and a uniform fine schedule that eliminates the exorbitant and unauthorized fines and costs assessed in some cities;
- St. Louis County municipal divisions are required to be open to all the public;
- Thousands of warrants have been recalled and cancelled; and
- The Court amended our rules to require municipal judges to consider an indigent defendant's ability to pay any fine and costs imposed.

Despite progress, more remains to be done. The Supreme Court appointed a municipal work group, which has gathered and studied information to identify the most important findings and recommendations for action. We look forward to its report, which is expected to be filed by March 1.

Our municipal divisions are not the only portions of our judicial system that have received recent attention. The Department of Justice released a report last July about the St. Louis County juvenile division. This report raised concerns, including racial disparity in the disposition of cases;

insufficient legal representation for juvenile offenders; and questions about the design of our juvenile system.

It might surprise you to know that juvenile courts were our first treatment courts. Created by you 50 years ago, our juvenile system is designed *not* to be an adversarial system where the parties compete to be winners, but instead, a system where everyone, including the juvenile officer, has one goal – to preserve and promote each child's welfare. Because when the child wins, we *all* win.

This non-adversarial system has produced good outcomes for Missouri children. And we know the judges and juvenile staff across the state, including St. Louis County, continue to be dedicated to the care and protection of Missouri's children.

But *every* system can be improved. So we are giving thoughtful consideration to the DOJ's criticisms, as well as to appropriate solutions. In fact, the concerns have already led to one change in our juvenile structure. The Supreme Court adopted a rule that separates the responsibility of the judge who supervises juvenile court personnel from the responsibility of adjudicating juvenile cases.

The DOJ reports claimed there is racial disparity in the handling of cases. Let me be clear – we are committed to ensuring every individual in *every* case in our system of justice is treated with respect and *every* case is adjudicated fairly and impartially under the law. Even a perception that justice is contingent on the color of one's skin or the part of the state one comes from should concern us *all*, no matter who we are or where we live.

In this vein, the Court is committed to identifying and addressing bias. In October, the Supreme Court established a Commission on Racial and Ethnic Fairness to study the judicial system and the legal profession. The commission is made up of more than 50 attorneys, judges and others representing diverse experiences and viewpoints from across the state.

We expect the commission to examine current practices and make recommendations to help assure fairness, impartiality, equal access and full participation for racial and ethnic minorities in the judicial process and in the practice of law. We look forward to seeing the recommendations for improvement.

The Supreme Court also realizes it is critical for those of us who sit in judgment of others to be aware of any bias, implicit or otherwise, that might unknowingly affect our decisions. To that end, judges of Missouri's court system will receive implicit bias training as part of this year's judicial education programs.

These are current challenges, but we have a proud history of meeting challenges head-on and finding successful solutions.

Many years ago, another challenge was technology. With your support, we met that challenge and embraced technology as part of how courts must do business in the 21st century. Missouri has become a national leader in automated case management and, by June, every judicial circuit will have electronic filing of case documents.

Our innovative Case.net system allows the public to access information in 19 million court cases, and the public does make use of that access! By the end of last year, Case.net averaged 5 million hits per day.

Currently, public access to the actual documents in case files is available only at computer terminals located in our courthouses. But in this computer age, the public and the media have requested greater access. In response, we are working to strike a balance that economically, technically, and legally makes more case information available to the public.

We already are testing an enhancement to Case.net. This feature – called "Track This Case" – allows parties and the public to be notified electronically of activity in a particular case. The pilot began without fanfare approximately two months ago and, already, Case.net users are tracking 13,000 cases. We will continue to test this program until the end of this year.

Innovations like this are possible because of our best asset – our people. The expansion of technology has changed the responsibilities and skill sets of our employees, and we must have a workforce ready to meet the demands of 21st century Missourians. Without such employees, we cannot take full advantage of all technology has to offer.

Our technological innovations also are invaluable in producing data that we use to serve the citizens of Missouri.

For example, by analyzing data from Missouri and around the country, we have learned that unresolved trauma from abuse and neglect makes a child significantly more likely to commit delinquent acts … and that a delinquent child has a considerably higher risk of ending up in prison. The earlier the trauma is identified and treated, the less likely "acting out" progresses to the commission of a crime.

This information has guided efforts to improve the outcomes of children in Missouri. The courts, in collaboration with the Department of Social Services and the Department of Mental Health, have been piloting multiple programs like Fostering Court Improvement, the Juvenile Detention Alternatives Initiative and the Crossover Youth model. These programs improve safety and permanency outcomes for children in foster care, reduce detention of children, and prevent children from crossing over from the child welfare system into the juvenile justice system.

Kids-at-risk is an issue deeply personal to me. When I was on the court of appeals, I volunteered to mentor at Operation Breakthrough, an inner-city day care. Little did I know that volunteering would lead to an 18-year relationship with four sisters. I learned firsthand from "my girls" the impact of having a mother in prison and a dad whose energy was spent just trying to provide. They continue to be a big part of my life: Denise, now a hardworking mother with a full-time job; Danisha, now in college; and Mae, also a college student, who cannot be here today because being introduced during the state of the judiciary apparently does not constitute an excused absence! I am proud to introduce

Denise and Danisha to you today, along with another dedicated mentor, Penni Johnson. I wish Deitra – the fourth sister – were with us, but tragically she's made some bad choices and is currently incarcerated.

I greatly appreciate the work of legislators who are also passionate about protecting the children of Missouri. Your joint committee on child abuse and neglect, currently led by Representative Bill Lant and Senator Bob Dixon, is a wonderful example of how – when we work together – *we can* make a difference in the lives of Missourians.

Another example of successful collaboration between us is our treatment court model. Missouri is a national leader in treatment courts. As you know, our adult, juvenile and family drug courts change the trajectory of lives from addiction and crime to being productive citizens, while saving money by reducing the prison population. Working together, we expanded the drug court model to DWI courts, mental health courts and veterans courts. If you have not attended a treatment court graduation, I encourage you to do so. But bring your hanky. The life experiences of the graduates are moving.

Let me tell you about Patricia Sams. She is a generational alcoholic from Stone County who assumed the cycle of drinking and incarceration was her destiny. Despite having spent nearly four years incarcerated, she continued to drink and drive and once again found herself in front of a judge charged with DWI – her eighth. But this time it was different …. This time, Judge Alan Blankenship offered her the opportunity to be one of the first participants in the new Stone County DWI court. She went through rehab, learned how to stop her cycle of addiction, and has not had a drink since April 2010. Patricia became Stone County's first DWI graduate, and now is part of its treatment court team. Patricia, will you and Judge Blankenship please rise and be recognized for your achievements?

Patricia's story is just one of many. Missouri has more than 16,000 treatment court graduates and more than 4,000 current participants. But this is not the end of the story. We have more to do. We know treatment courts work, but they aren't available to everyone who could benefit from them.

I am pleased to announce today that, once again, we are collaborating. Speaker Richardson has asked the Supreme Court to work with him and other members of this chamber to identify best practices and explore expanding the availability of treatment courts. Together, we can change *more* lives in Missouri.

Although there may be challenges in some areas of the court system, we can be proud of the outstanding work that is done in the vast majority of our Missouri courts.

We should be especially proud of the level of cooperation and communication between the legislature and the judiciary. Our work together in the areas of treatment and juvenile courts and technology should be a standard for our interactions every day. Let's continue to make our Missouri courts *even* better.

Thank you.

On motion of Senator Kehoe, the Joint Session was dissolved and the Senators returned to the Chamber where they were called to order by President Kinder.

Senator Riddle assumed the Chair.

SENATE CONCURRENT RESOLUTION NO. 60

Whereas, twenty-eight million United States citizens have cognitive disabilities such as intellectual disability; severe, persistent mental illness; brain injury; stroke; and neurodegenerative disorders such as Alzheimer's disease; and

Whereas, people with cognitive disabilities are entitled to inclusion in our democratic society under federal laws such as the Americans with Disabilities Act, the Developmental Disabilities Assistance and Bill of Rights Act, the Individuals with Disabilities Act, Section 504 of the Rehabilitation Act, and under state and local laws; and

Whereas, the disruptive convergence of computing and communication technologies has substantially altered how people acquire, utilize, and disseminate knowledge and information; and

Whereas, access to comprehensible information and usable communication technologies is necessary for all people in our society, particularly for people with cognitive disabilities, to promote self-determination and to engage meaningfully in major aspects of life such as education, health promotion, employment, recreation, and civic participation; and

Whereas, the vast majority of people with cognitive disabilities have limited or no access to comprehensible information and usable communication technologies; and

Whereas, people with cognitive disabilities must have access to commercially available devices and software that incorporate principles of universal design such as flexibility and ease of use for all; and

Whereas, technology and information access by people with cognitive disabilities must be guided by standards and best- practices, such as personalization and compatibility across devices and platforms, and through the application of innovations including automated and predictive technologies; and

Whereas, security and privacy must be assured and managed to protect civil rights and personal dignity of people with cognitive disabilities; and

Whereas, enhanced public and private funding is urgently required to allow people with cognitive disabilities to utilize technology and access information as a natural consequence of their rights to inclusion in our society; and

Whereas, ensuring access to technology and information for the 28 million people with cognitive disabilities in the United States will create new markets and employment opportunities; decrease dependency on public services; reduce health care costs; and improve the independence, productivity, and quality of life of people with cognitive disabilities:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge a commitment to equal rights for people with cognitive disabilities to technology and information access and call for implementation of such rights with deliberate speed.

Relating to an application to Congress for the calling of an Article V convention of states to propose an amendment to the United States Constitution regarding term limits for members of Congress.

Whereas, the Legislature of the State of Missouri favors a proposal and ratification of an amendment to said Constitution which shall set a limit on the number of terms that a person may be elected as a member of the United States House of Representatives and as a member of the United States Senate:

Be It Further Resolved that this application constitutes a continuing application in accordance with Article V of the Constitution of the United States of America until the legislatures of at least two-thirds of the several states have made applications on the same subject; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President and Secretary of the Senate of the United States and to the Speaker, Clerk and Judiciary Committee Chairman of the House of Representatives of the Congress of the United States, and copies to each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states, requesting their cooperation.

CONCURRENT RESOLUTIONS

Senator Emery offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 62

Whereas, under Article IV, Section 3, of the United States Constitution, "The Congress shall have power to dispose of and make all needful rules and regulations respecting the territory or other property belonging to the United States"; and

Whereas, the Constitutional Convention intended this provision of the Constitution to maintain the status quo that had been established to transfer federal territorial lands only to create new states with the same rights of sovereignty, freedom, and independence as the original states; and

Whereas, under these express terms of trust, over time the states claiming federal territorial land ceded their western land to the confederated Union to allow the confederated government to dispose of the lands only to create new states and apply the net proceeds of any sales of the lands only to pay down the public debt; and

Whereas, the United States Constitution contains no expression of intent to authorize the federal government to indefinitely exercise control over western public lands beyond the duty to manage the lands pending the disposal of the lands to create new states, and therefore the lands should be returned to the western states; and

Whereas, in order to promote legitimate federal interests, the western states should upon transfer of the public lands directly to the state where the public land is located agree to affirmatively cede lands for the national park system, the national wilderness preservation system, and lands reserved for federal military use, military parks, and military reservations to the federal government under Article I, Section 8, Clause 17, of the United States Constitution, on condition that the lands permanently remain national park lands, and that they not be sold, transferred, left in substantial disrepair, or conveyed to any party other than to the state where the land is located; and

Whereas, limiting the ability of western states to access and utilize the public lands' natural resources within their borders is having a negative impact upon the economy of the western states and therefore the economy of the entire United States:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, in order to provide a fair, just, and equitable remedy for the federal government's past and continuing breaches of its solemn promises to the western states:

(1) Calls upon the federal government to transfer title to all federal public lands within the western states to the state where the land is located;

(2) Urges the United States Congress to engage in good faith communication, cooperation, and consultation with the western states to coordinate the transfer of the public lands, and supports the western states in these efforts;

(3) Calls upon the western states to agree, upon transfer of the public lands, to affirmatively cede to the federal government all lands currently designated as part of the National Park System under 16 U.S.C. Section 1a-1, the National Wilderness Preservation System under 16 U.S.C. Section 1131, or for military use, military parks, or military reservations;

(4) Urges that if any public land in the western states be sold to private owners, 95% of the net proceeds be paid to the Bureau of the Public Debt to pay down the federal debt; and

(5) Calls upon all other states of the United States to pass a similar resolution in support of the transfer of the federal public lands to the western states; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Secretary of the United States Department of the Interior, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional delegation.

Senators Curls and Munzlinger offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 63

Whereas, a sustainable agricultural system in the United States is critical to the continued production of food, feed, and fiber to meet both domestic and global demands; and

Whereas, the treatment, prevention, and control of agricultural pests is critically important to the health and welfare of our residents and the safety of our global food, feed, and fiber supply; and

Whereas, the availability of modern agricultural technologies such as precision farming equipment, crop protection chemistries, genetically engineered or enhanced traits, and agricultural nutrients are critically important tools that allow farmers to expand yields, reduce environmental impacts, improve profitability and provide a safe, healthy, abundant, and affordable food supply; and

Whereas, the agriculture and food production industries have a long history of success and safety in protecting and further enhancing the food, feed, and fiber supply of Missouri residents and the world; and

Whereas, the agriculture industry is recognized as an important contributor to the economic vitality of the state of Missouri through jobs, capital investment, farm income, value added sectors, and contributions to the state's tax base; and

Whereas, the crop protection industry is among the most studied and regulated of all industries at both the state and federal levels; and

Whereas, the continued success of these industries and our nation's position as a world leader in crop protection chemistries, genetically engineered or enhanced traits and nutrients depends on state and federal regulators utilizing science based data to assess both product and ingredient safety; and

Whereas, sound science rather than the "precautionary principle" should be the bedrock of our nation's regulatory scheme:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby strongly urges the Missouri Congressional delegation to support the use of science based data to assess the impacts and the regulation of modern agricultural technologies, including but not limited to crop protection chemistries, genetically engineered or enhanced traits, and nutrients; and

Be It Further Resolved that the Missouri General Assembly strongly urges the Missouri Congressional delegation to oppose legislative or regulatory action that may result in unnecessary restrictions on the use of modern agricultural technologies, including but not limited to crop protection chemistries, genetically engineered or enhanced traits, and nutrients that are not based on sound science; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each member of Missouri's Congressional delegation.

"64.940. 1. The authority shall have the following powers:

(1) To acquire by gift, bequest, purchase or lease from public or private sources and to plan, construct, operate and maintain, or to lease to others for construction, operation and maintenance a sports stadium, field house, indoor and outdoor recreational facilities, centers, playing fields, parking facilities and other suitable concessions, and all things incidental or necessary to a complex suitable for all types of sports and recreation, either professional or amateur, commercial or private, either upon, above or below the ground;

(2) To charge and collect fees and rents for use of the facilities owned or operated by it or leased from or to others;

(3) To adopt a common seal, to contract and to be contracted with, including, but without limitation, the

authority to enter into contracts with counties and other political subdivisions under sections 70.210 to 70.320, and to sue and to be sued;

(4) To receive for its lawful activities any contributions or moneys appropriated by municipalities, counties, state or other political subdivisions or agencies or by the federal government or any agency or officer thereof or from any other source;

(5) To disburse funds for its lawful activities and fix salaries and wages of its officers and employees;

(6) To borrow money for the acquisition, planning, construction, equipping, operation, maintenance, repair, extension and improvement of any facility, or any part or parts thereof, which it has the power to own or to operate, and to issue negotiable notes, bonds, or other instruments in writing as evidence of sums borrowed, as hereinafter provided in this section:

(a) Bonds or notes issued hereunder shall be issued pursuant to a resolution adopted by the commissioners of the authority which shall set out the estimated cost to the authority of the proposed facility or facilities, and shall further set out the amount of bonds or notes to be issued, their purpose or purposes, their date or dates, denomination or denominations, rate or rates of interest, time or times of payment, both of principal and of interest, place or places of payment and all other details in connection therewith. Any such bonds or notes may be subject to such provision for redemption prior to maturity, with or without premium, and at such times and upon such conditions as may be provided by the resolution.

(b) Such bonds or notes shall bear interest at a rate not exceeding eight percent per annum and shall mature within a period not exceeding fifty years and may be sold at public or private sale for not less than ninety-five percent of the principal amount thereof. Bonds or notes issued by an authority shall possess all of the qualities of negotiable instruments under the laws of this state.

(c) Such bonds or notes may be payable to bearer, may be registered or coupon bonds or notes and if payable to bearer, may contain such registration provisions as to either principal and interest, or principal only, as may be provided in the resolution authorizing the same which resolution may also provide for the exchange of registered and coupon bonds or notes. Such bonds or notes and any coupons attached thereto shall be signed in such manner and by such officers of the authority as may be provided for by the resolution authorizing the same. The authority may provide for the replacement of any bond or note which shall become mutilated, destroyed or lost.

(d) Bonds or notes issued by an authority shall be payable as to principal, interest and redemption premium, if any, out of the general funds of the authority, including rents, revenues, receipts and income derived and to be derived for the use of any facility or combination of facilities, or any part or parts thereof, acquired, constructed, improved or extended in whole or in part from the proceeds of such bonds or notes, including but not limited to stadium rentals, concessions, parking facilities and from funds derived from any other facilities or part or parts thereof, owned or operated by the authority, all or any part of which rents, revenues, receipts and income the authority is authorized to pledge for the payment of said principal, interest, and redemption premium, if any. Bonds or notes issued pursuant to this section shall not constitute an indebtedness of the authority within the meaning of any constitutional or statutory restriction, limitation or provision, and such bonds or notes shall not be payable out of any funds raised or to be raised by taxation. Bonds or notes issued pursuant to this section may be further secured by a mortgage or deed of trust upon the rents, revenues, receipts and income herein referred to or any part thereof or upon any leasehold interest or other property owned by the authority, or any part thereof, whether then owned or thereafter acquired. The proceeds of such bonds or notes shall be disbursed in such manner and under such restrictions as the

authority may provide in the resolution authorizing the issuance of such bonds or notes or in any such mortgage or deed of trust.

(e) It shall be the duty of the authority to fix and maintain rates and make and collect charges for the use and services of its interest in the facility or facilities or any part thereof operated by the authority which shall be sufficient to pay the cost of operation and maintenance thereof, to pay the principal of and interest on any such bonds or notes and to provide funds sufficient to meet all requirements of the resolution by which such bonds or notes have been issued.

(f) The resolution authorizing the issuance of any such bonds or notes may provide for the allocation of rents, revenues, receipts and income derived and to be derived by the authority from the use of any facility or part thereof into such separate accounts as shall be deemed to be advisable to assure the proper operation and maintenance of any facility or part thereof and the prompt payment of any bonds or notes issued to finance all or any part of the costs thereof. Such accounts may include reserve accounts necessary for the proper operation and maintenance of any such facility or any part thereof, and for the payment of any such bonds or notes. Such resolution may include such other covenants and agreements by the authority as in its judgment are advisable or necessary properly to secure the payment of such bonds or notes.

(g) The authority may issue negotiable refunding bonds or notes for the purpose of refunding, extending or unifying the whole or any part of such bonds or notes then outstanding, which bonds or notes shall not exceed the principal of the outstanding bonds or notes to be refunded and the accrued interest thereon to the date of such refunding, including any redemption premium. The authority may provide for the payment of interest on such refunding bonds or notes at a rate in excess of the bonds or notes to be refunded but such interest rate shall not exceed the maximum rate of interest hereinbefore provided.

(7) To condemn any and all rights or property, of any kind or character, necessary for the purposes of the authority, subject, however, to the provisions of sections 64.920 to 64.950 and in the manner provided in chapter 523; provided, however, that no property now or hereafter vested in or held by the state or by any county, city, village, township or other political subdivisions shall be taken by the authority without the authority or consent of such political subdivisions;

(8) To perform all other necessary and incidental functions; and to exercise such additional powers as shall be conferred by the general assembly or by act of Congress.

2. The authority is authorized and directed to proceed to carry out its duties, functions and powers in accordance with sections 64.920 to 64.950 as rapidly as may be economically practicable and is vested with all necessary and appropriate powers not inconsistent with the constitution or the laws of the United States to effectuate the same, except the power to levy taxes or assessments.

3. Any expenditure made by the authority located in a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, that is over twenty-five thousand dollars, including professional service contracts, must be competitively bid.

4. Nothing in this section shall be construed to provide authority for the extension of existing bonds where existing principal will be increased or any additional bonding authority to the executive branch without legislative or voter approval. The state shall not enter into any agreement with an authority obligating the state to pay back any portion of any newly issued bonds without approval of the general assembly by concurrent resolution or voter approval."; and

Further amend said bill, page 5, Section 67.657, line 157, by inserting after all of said line the following:

"70.851. 1. The state and any participating counties and cities may participate in a qualifying project pursuant to a contract, agreement, lease or sublease with any county, city, political subdivision, public authority or public entity or otherwise as provided by law owning or operating the qualifying project for a term not to exceed the term of any bond or other indebtedness issued to fund construction of the project or for thirty-five years, whichever is less. Such contract, agreement, lease or sublease shall provide that the state and any participating counties and cities as applicable, shall pay rent or other fees or charges, subject to annual appropriation, in an amount equal to the total obligations of the owner or operator of the project in connection with the financing and preservation thereof. The amount paid by each shall not exceed its new net public fiscal benefit hereinafter defined in section 70.853. The proportionate share of such rent, fees or charges paid by the state shall not exceed fifty percent of such obligations and the balance of such obligations shall be divided equally between or among the participating counties and cities; provided, however, that if a participating county or city shall not pay all of its share because its new net public fiscal benefit is less than its share of the payments, the proportionate share paid by the state shall increase to not more than sixty percent of such obligations to offset such difference. The obligations of the owner or operator of the project in connection with the preservation thereof to be used in the calculation of the rent, fees or charges to be paid pursuant to such contract, agreement, lease or sublease shall be those obligations set forth in the documents executed in connection with and necessary to secure the financing of the project and shall be limited in each fiscal year of the state to two percent of the total project cost. Any such contract, agreement, lease or sublease entered into with respect to a qualifying project shall contain for each fiscal year of the project, a limit, expressed in dollars, on the amount of rents, fees or charges payable by each of the state and any participating county or city. It may further provide that the owner of the project and the state and such participating counties and cities, or any combination thereof, will mortgage, pledge, assign, convey or grant security in any interest which they may have in such project. Any such rent, fees or charges shall be paid in accordance with the procedure established in section 70.856 and in any such contract, agreement, lease or sublease.

2. In the event any rent, fees or charges provided for in a contract, agreement, lease or sublease described in subsection 1 of this section are insufficient to discharge the obligations of the owner or operator of a qualifying project in connection with the financing and maintenance of such project, the user, tenant or lessee that secured a letter of credit, policy of insurance or guaranty securing payment of any bonds or other indebtedness issued to fund construction of the project shall deposit such shortfall with the owner or operator of the project at such time or times as are necessary to discharge such obligations.

3. The state and any participating counties or cities that choose to participate in any qualifying project shall enter into a contract, agreement, lease or sublease for such purpose, which shall be executed by the chief executive or administrative officer of the state and approved by the board of public buildings, and shall be executed by the chief executive or administrative officer of the county or city and approved by the adoption of a resolution or ordinance by the governing body of each county and city.

4. The state shall not enter into any contract, agreement, lease, or sublease under this section obligating the state to pay back any portion of any newly issued bonds without approval of the general assembly by concurrent resolution or voter approval."; and

Further amend the title and enacting clause accordingly.

For purposes of this section, "health benefits service package" shall mean, subject to federal approval, benefits covered by the MO HealthNet program as determined by the department of social services to meet the benchmark or benchmark-equivalent coverage requirement under 42 U.S.C. 1396a(k)(1).

3. The higher commercial comparable rates shall only apply for services provided to individuals qualifying under this section.

4. (1) The department of social services shall discontinue eligibility for persons who are eligible under subsection 1 of this section if:

The committee shall investigate the federal matching rate below which the state could not maintain the expanded eligibility to persons under subsection 1 of this section. If the amount is determined to be greater than ninety percent, the committee shall report its findings to the general assembly for its consideration prior to any vote under paragraph (b) of subdivision (1) of subsection 4 of this section. In conducting its research and investigation, the committee shall also determine the feasibility of:

(1) Implementing capped cost sharing for persons eligible under subsection 1 of this section which may be reduced based on healthy behaviors of participants;

SENATE COMMITTEE SUBSTITUTE FOR

SENATE CONCURRENT RESOLUTION NO. 58

Whereas, the National Geospatial-Intelligence Agency West Campus Headquarters, now located in the southern area of St. Louis, is currently considering a new site in the St. Louis region to build a new facility; and

Whereas, the state of Missouri has shown its resolve to build a new facility in Missouri by authorizing an additional twelve million dollars

per year to the tax increment financing cap to be used solely for projects for the retention of the National Geospatial-Intelligence Agency in Missouri; and

Whereas, the City of St. Louis and the State of Missouri have supported the National Geospatial-Intelligence Agency and its mission for the past 72 years; and

Whereas, the location of the North St. Louis building site helps meet the mission of the National Geospatial-Intelligence Agency because of its proximity to current NGA facilities, its current and future workforce, and to critical education, technology, and transportation facilities; and

Whereas, the North St. Louis building location will support the mission of the National Geospatial-Intelligence Agency by maintaining workforce morale through satisfactory commute times, nearby cultural amenities and community resources such as child care in a secure work environment; and

Whereas, the North St. Louis building location meets the future workforce recruitment needs of the National Geospatial-Intelligence Agency and best meets concerns expressed by the office of Under Secretary of Defense for Intelligence Human Capital Management by being located in a more appealing urban environment that will make NGA better able to recruit and recapitalize the future workforce, thus ensuring NGA remains at the leading edge of technology; and

Whereas, the national security mission of the National Geospatial-Intelligence Agency can best be met in the North St. Louis building location; and

Whereas, the new National Geospatial-Intelligence Agency facility would result in major benefits to the visual character of the site and other non-major benefits such as health and safety improvement, construction spending, induced employment, cleanup of existing hazardous contamination, and land use improvements; and

Whereas, the short-term and long-term economic potential of this project will leave a positive impact on the city and the state for years and generations to come; and

Whereas, the North St. Louis building site is the preferred location for the next National Geospatial Agency West facility as the state seeks to rebuild North St. Louis through jobs, safety, and more economic development opportunities; and

Whereas, the St. Louis County Executive, St. Louis County Council, Mayor of St. Louis, and City of St. Charles all agree the North St. Louis site is ideal:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the National Geospatial Intelligence Agency to remain in Missouri and construct a new facility at the proposed North St. Louis building site; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Director of the National Geospatial-Intelligence Agency, Robert Cardillo.

Whereas, the St. Louis area has recently suffered a tremendous loss, both financial and otherwise, due to Stan Kroenke and his associates; and

Whereas, Alan Bornstein serves as a key member of Stan Kroenke's support staff and actively helped Stan Kroenke relocate the city's former NFL franchise; and

Whereas, in an effort to relocate said NFL franchise, Stan Kroenke and his associates acted solely in their own interest without regard for the city and citizens that have supported the franchise for the last 20 years; and

Whereas, Stan Kroenke and his associates have chosen not to provide a balanced picture of the area and instead characterized the area as struggling, but decided to cause the area direct economic harm by relocating the city's former NFL franchise; and

Whereas, Stan Kroenke and his associates have received enough benefit to the detriment and at the expense of Missouri taxpayers:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby urge the Maryland Heights City Council to provide no tax incentives for Alan Bornstein or UTW Realty, through the use of tax increment financing or otherwise; and

SENATE AMENDMENT NO. 1

Amend Senate Bill No. 825, Page 1, Section A, Line 1, by inserting after all of said line the following:

"142.028. 1. As used in this section, the following terms mean:

(1) "Fuel ethanol", a fuel which meets ASTM International specification number D 4806 or subsequent specifications for blending with gasoline for use as automotive spark-ignition engine fuel and where the ethanol is made from cereal grains, cereal grain by-products, or qualified biomass;

(2) "Fuel ethanol blends", a mixture of ninety percent gasoline and ten percent fuel ethanol in which the gasoline portion of the blend or the finished blend meets the ASTM International specification number D 4814;

(3) "Missouri qualified fuel ethanol producer", any producer of fuel ethanol whose principal place of business and facility for the fermentation and distillation of fuel ethanol is located within the state of Missouri and is at least fifty-one percent owned by agricultural producers actively engaged in agricultural production for commercial purposes, and which has made formal application, posted a bond, and conformed to the requirements of this section;

(4) "Professional forester", any individual who holds a bachelor of science degree in forestry from a regionally accredited college or university with a minimum of two years of professional forest management experience;

(5) "Qualified biomass", any wood-derived organic material harvested in accordance with a site specific forest management plan focused for long-term forest sustainability developed by a professional forester and qualified, in consultation with the conservation commission, by the Missouri agricultural and small business development authority.

2. The "Missouri Qualified Fuel Ethanol Producer Incentive Fund" is hereby created and subject to appropriations shall be used to provide economic subsidies to Missouri qualified fuel ethanol producers pursuant to this section. The director of the department of agriculture shall administer the fund pursuant to this section.

3. A Missouri qualified fuel ethanol producer shall be eligible for a monthly grant from the fund, except that a Missouri qualified fuel ethanol producer shall only be eligible for the grant for a total of sixty months unless such producer during those sixty months failed, due to a lack of appropriations, to receive the full amount from the fund for which they were eligible, in which case such producers shall continue to be eligible for up to twenty-four additional months or until they have received the maximum amount of funding for which they were eligible during the original sixty-month time period. The amount of the grant is determined by calculating the estimated gallons of qualified fuel ethanol production to be produced from Missouri agricultural products or qualified biomass for the succeeding calendar month, as certified by the department of agriculture, and applying such figure to the per-gallon incentive credit established in this subsection. Each Missouri qualified fuel ethanol producer shall be eligible for a total grant in any fiscal year equal to twenty cents per gallon for the first twelve and one-half million gallons of qualified fuel ethanol produced from Missouri agricultural products or qualified biomass in the fiscal year plus five cents per gallon for the next twelve and one-half million gallons of qualified fuel ethanol produced from Missouri agricultural products or qualified biomass in the fiscal year. All such qualified fuel ethanol produced by a Missouri qualified fuel ethanol producer in excess of twenty-five million gallons shall not be applied to the computation of a grant pursuant to this subsection. The department of agriculture shall pay all grants for a particular month by the fifteenth day after receipt and approval of the application described in subsection 4 of this section. If actual production of qualified fuel ethanol during a particular month either exceeds or is less than that estimated by a Missouri qualified fuel ethanol producer, the department of agriculture shall adjust the subsequent monthly grant by paying additional amount or subtracting the amount in deficiency by using the calculation described in this subsection.

4. In order for a Missouri qualified fuel ethanol producer to obtain a grant from the fund for a particular month, an application for such funds shall be received no later than fifteen days prior to the first day of the month for which the grant is sought. The application shall include:

(1) The location of the Missouri qualified fuel ethanol producer;

(2) The average number of citizens of Missouri employed by the Missouri qualified fuel ethanol producer in the preceding quarter, if applicable;

(3) The number of bushels of Missouri agricultural commodities or green weight tons of qualified biomass used by the Missouri qualified fuel ethanol producer in the production of fuel ethanol in the preceding quarter;

(4) The number of gallons of qualified fuel ethanol the producer expects to manufacture during the month for which the grant is applied;

(5) A copy of the qualified fuel ethanol producer license required pursuant to subsection 5 of this section, name and address of surety company, and amount of bond to be posted pursuant to subsection 5 of this section; and

(6) Any other information deemed necessary by the department of agriculture to adequately ensure that

such grants shall be made only to Missouri qualified fuel ethanol producers.

5. The director of the department of agriculture, in consultation with the department of revenue and the department of conservation, shall promulgate rules and regulations necessary for the administration of the provisions of this section. The director shall also establish procedures for bonding Missouri qualified fuel ethanol producers. Each Missouri qualified fuel ethanol producer who attempts to obtain moneys pursuant to this section shall be bonded in an amount not to exceed the estimated maximum monthly grant to be issued to such Missouri qualified fuel ethanol producer.

6. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

7. Notwithstanding any other provision of this section to the contrary, beginning January 1, 2009, through December 31, **[**2019**] 2020**, the economic subsidies provided under this section to Missouri qualified fuel ethanol producers of fuel ethanol made from qualified biomass shall only be provided to two qualified fuel ethanol producers and shall not cumulatively exceed seven and one-half million dollars per qualified fuel ethanol producer. Prior to January 1, 2009, and after December 31, **[**2019**] 2020**, Missouri qualified fuel ethanol producers of fuel ethanol made from qualified biomass shall be ineligible for economic subsidies under this section."; and

Further amend said bill and page, section 142.029, line 1, by deleting the opening bracket "**[**"; and further amend said line, by deleting "2015.**]**" and inserting in lieu thereof the following: "**[**2015**] 2020**."; and

Further amend said bill and page, section B, line 3, by striking the following: "the repeal of section 142.029 of"; and further amend line 6, by striking the following: "the repeal of section 142.029 of"; and

(8) "Public or private third party", a state government, the federal government, employer, health carrier, third-party administrator, or managed care organization.

3. On or after July 1, 2017, any patient or consumer of health care services who makes a written request for an estimate of the cost of health care services from a health care provider shall be provided such estimate no later than five business days after receiving such request, except when the requested information is posted on the department's website under subsection 8 of this section. Any patient or consumer of health care services who makes a written request for the insurance costs from such patient's or consumer's health carrier shall be provided such insurance costs no later than five business days after receiving such request. The actual amount billed to you may be different from the estimate of costs provided to you. Many factors affect the actual bill you will receive, and this estimate of costs does not account for all of them. Additionally, the estimate of costs is not a guarantee of insurance coverage. You will be billed at the health care provider's charge for any service provided to you that is not a covered benefit under your plan. Please check with your insurance company to receive an estimate of the amount you will owe under your plan or if you need help understanding your benefits for the service chosen.".

Additionally, the insurance costs provided are limited to the specific information provided and are not a guarantee of insurance coverage for additional services. You will be billed at the health care provider's charge for any service provided to you that is not a covered benefit under your plan. You may contact us if you need further assistance in understanding your benefits for the service chosen.".

8. The department shall make available to the public on its website the most current price information it receives from hospitals under subsections 9 and 10 of this section. The department shall provide this information in a manner that is easily understood by the public and meets the following minimum requirements:

(1) Information for each participating hospital shall be listed separately and hospitals shall be listed in groups by category as determined by the department in rules adopted under this section; and

A hospital shall not report or be required to report the information required by this subsection for any of the one hundred most frequently reported admissions where the reporting of that information reasonably could lead to the identification of the person or persons admitted to the hospital in violation of the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA) or other federal law.

10. Beginning with the quarter ending June 30, 2017, and quarterly thereafter, each participating hospital shall provide to the department, in a manner and format determined by the department, information on the total costs for the twenty most common outpatient surgical procedures and the twenty most common imaging procedures, by volume, performed in hospital outpatient settings. Participating hospitals shall report this information in the same manner as required by subsection 9 of this section, provided that hospitals shall not report or be required to report the information required by this subsection where the reporting of that information reasonably could lead to the identification of the person or persons admitted to the hospital in violation of HIPAA or other federal law.

11. A hospital shall provide the information specified under subsections 9 and 10 of this section to the department. A hospital which does so shall not be required to provide that information pursuant to subsection 3 of this section.

12. Any data disclosed to the department by a hospital under subsections 9 and 10 of this section shall be the sole property of the hospital that submitted the data. Any data or product derived from the data disclosed under subsections 9 and 10 of this section, including a consolidation or analysis of the data, shall be the sole property of the state. Any proprietary information received by the department shall be a proprietary interest and may be closed under the provisions of subdivision (15) of section 610.021. The department shall not allow information it receives or discloses under subsections 9 and 10 of this section to be used by any person or entity for commercial purposes.

13. The department shall promulgate rules to implement the provisions of this section. The rules relating to subsections 8 to 12 of this section shall include all of the following:

(1) The one hundred most frequently reported DRGs for inpatients for which participating hospitals will provide the data required under subsection 9 of this section;

(3) The twenty most common outpatient surgical procedures and the twenty most common imaging procedures, by volume, performed in a hospital outpatient setting required under subsection 10 of this section.

Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to

review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and

Further amend the title and enacting clause accordingly.

Senator Holsman moved that the above amendment be adopted.

SENATE RESOLUTION NO. 1477

Whereas, the members of the Missouri Senate are profoundly moved by the sudden and unexpected passing of United States Supreme Court Justice Antonin Gregory Scalia on February 13, 2016; and

Whereas, Supreme Court Chief Justice John G. Roberts, Jr. released a statement that includes "He was an extraordinary individual and jurist .... His passing is a great loss to the Court and the country he so loyally served"; and

Whereas, Supreme Court Justice Anthony Kennedy writes, "the driving force in all his work, and his powerful personality were shaped by an unyielding commitment to the Constitution of the United States and to the highest ethical and moral standards"; and

Whereas, Supreme Court Justice Clarence Thomas expressed his admiration thus, "[he] was a good man; a wonderful husband who loved his wife and his family; a man of strong faith; a towering intellect; a legal giant"; and

Whereas, dear friend and colleague Supreme Court Justice Ruth Bader Ginsburg writes, "He was jurist of captivating brilliance and wit, with a rare talent to make even the most sober judge laugh.... He was eminently quotable, his pungent opinions so clearly stated that his words never slipped from the reader's grasp"; and

Whereas, Supreme Court Justice Steven G. Breyer describes him as a "legal titan.... He was a man of integrity and wit. His interests were wide ranging as was his knowledge about law, this Nation and its Constitution. He loved his family. He also loved ideas, music, and the out of doors"; and

Whereas, Supreme Court Justice Samuel Alito recalls him as a "towering figure who will be remembered as one of the most important figures in the history of the Supreme Court and a scholar who deeply influenced our legal culture"; and

Whereas, Supreme Court Justice Elena Kagan predicts he will go down in history "as one of the most transformational Supreme Court Justices of our nation. His views on interpreting texts have changed the way all of us think and talk about the law":

Now, Therefore, Be It Resolved that we, the members of the Missouri Senate, Ninety-eighth General Assembly, join the citizens of this great country in solemn mourning of the passing of Justice Scalia and the consequential and unfathomable loss to his family, his friends, and his country; and

MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCR 69**.

HOUSE CONCURRENT RESOLUTION NO. 69

WHEREAS, diverse, reliable, and affordable energy supply is vital to economic growth in Missouri; and

WHEREAS, the United States has abundant natural resources that have contributed to Missouri's growth and development, and Missouri benefits from a diverse mix of energy sources that include coal, natural gas, nuclear power, and renewable energy; and

WHEREAS, on June 2, 2014, the United States Environmental Protection Agency (EPA) proposed the Clean Power Plan to reduce carbon dioxide emissions from fossil fuel-fired power plants, requiring Missouri to significantly reduce the carbon dioxide emissions rate of its electricity-generating fleet; and

WHEREAS, the North American Electric Reliability Corporation and Regional Transmission Organizations are raising concerns about the reliability of the nation's electric grid in light of the projected national retirement of more than sixty gigawatts (GW) of generating capacity prior to 2020 due to economic considerations and compliance with more stringent environmental requirements; and

WHEREAS, on August 3, 2015, the EPA predicted in its regulatory impact analysis for its final Clean Power Plan that up to twenty-nine GW of coal-fired generating units would close in the United States by 2025 with eleven GW more closing by 2030, and many of these units are in or serving states that are members of the Southern States Energy Board; and

WHEREAS, some studies project that the EPA's proposed Clean Power Plan may cause double-digit electricity price increases in many states, including the sixteen states and two territories comprising the Southern States Energy Board; and

WHEREAS, Missouri burns coal for more than eighty percent of its electricity, and the state's carbon reduction goal under the final rule is much tougher than in the draft proposal; and

WHEREAS, Missouri must reduce its power-sector carbon emissions rate to 1,272 pounds of carbon dioxide per megawatt-hour of power produced, much stiffer than the 1,544 pounds per megawatt-hour level in the draft rule; and

WHEREAS, the Clean Power Plan is based on emission reduction measures that interfere with the regulation of electricity by individual states and that will have a major impact on energy resources, electricity ratepayers, grid reliability, jobs, and the economy of the United States; and

WHEREAS, twenty-nine states do not believe that the Clean Power Plan is consistent with the EPA's authority under the Clean Air Act; and

WHEREAS, the final Clean Power Plan may be overturned as the result of legal challenges by multiple states:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, Second Regular Session, the Senate concurring therein, hereby find that the EPA's Clean Power Plan interferes with the sovereign powers of the states to regulate electricity within their borders and to ensure a reliable and affordable supply of electricity for their citizens; and

BE IT FURTHER RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the attorney general to take necessary legal actions regarding EPA's final Clean Power Plan to prevent unlawful obligations from being imposed on states, electricity providers, businesses, and citizens; and that pending resolution of all such legal actions, encourage the governor to take such additional actions as may be appropriate to protect the best interests of Missouri including, but not limited to, requesting a two-year extension of the deadline to submit a final state plan, refusing to submit a Clean Power Plan under Section 111(d) of the federal Clean Air Act, or working with state environmental agencies to submit an implementation plan that the state deems to be feasible and legally sound regardless of whether the plan conforms to the final rule; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the EPA, the Congress of the United States, governors, lieutenant governors, applicable state regulators, and legislative presiding officers.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCR 96**.

HOUSE CONCURRENT RESOLUTION NO. 96

WHEREAS, millions of veterans have proudly served in our country's Armed Forces over the years; and

WHEREAS, during their service, many of our veterans have come into contact with various toxic chemicals, including Agent Orange and other dioxincontaminated herbicides during the Vietnam War, various neurotoxins during the Gulf War, and chemical weapons and burn pits in Iraq and Afghanistan during Operations Enduring Freedom, Iraqi Freedom, and New Dawn; and

WHEREAS, this exposure has been linked to certain diseases which may affect both the veterans who were exposed and their progeny; and

WHEREAS, there are still yet unexplained service-connected ailments and undetected residual medical conditions, including potential congenital malformations resulting from exposure to toxic chemicals, the extent, composition, and effects of which we do not yet understand; and

WHEREAS, the pain, financial burden, and emotional turmoil that these medical ailments may cause are serious and worth addressing, particularly in light of the sacrifice that members of the Armed Forces made that led to such exposure; and

WHEREAS, the Toxic Exposure Research Act of 2015, H.R. 1769 and S. 901, a bipartisan bill, has been introduced in Congress to create a national center within the Department of Veterans Affairs to research treatment and diagnosis of health conditions of descendants of veterans exposed to toxins during their military service; and

WHEREAS, this measure would also authorize the Department of Defense to declassify certain incidents of exposure by service members to toxic substances, create a database of congenital anomalies, and devise a national outreach campaign on the potential long-term health effects of exposure to toxic substances on service members and their descendants; and

WHEREAS, such a measure would have significant importance and potential impact on veterans living in Missouri and their children:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, Second Regular Session, the Senate concurring therein, hereby urge Congress and the President of the United States to enact H.R. 1769 and S. 901, the Toxic Exposure Research Act of 2015; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the President of the United States, the Majority and Minority Leaders of the United States Senate, the Speaker and Minority Leader of the House of Representatives, and each member of the Missouri Congressional delegation.

MESSAGES FROM THE GOVERNOR

The following message was received from the Governor, reading of which was waived:

GOVERNOR OF MISSOURI
JEFFERSON CITY
65102

February 26, 2016

TO THE SECRETARY OF THE SENATE
98th GENERAL ASSEMBLY
SECOND REGULAR SESSION
STATE OF MISSOURI

Herewith I return to you Senate Concurrent Resolution No. 46 entitled:

> An act by concurrent resolution and pursuant to Article IV, Section 8, to disapprove the final order of rulemaking for the proposed rule 19 CSR 15-8.410 Personal Care Attendant Wage Range.

I disapprove of Senate Concurrent Resolution No. 46. My reasons for disapproval are as follows:

Senate Concurrent Resolution No. 46 is an attempt to frustrate implementation of the Quality Home Care Act ("the Act"), RSMo Sections 208.850 to 208.871, which Missouri voters approved by a margin of 75% to 25% in November 2008. The purpose of the Act was to address the growing need for quality home care services by creating a mechanism to increase the wages, benefits, and training for personal care attendants. By disapproving this rule, the General Assembly defies the will of voters and denies these personal care attendants a much-deserved increase in their wages.

The Act created a bargaining process to address wages for "personal care attendants." "Personal care attendants" provide personal care assistance and similar services for physically disabled persons who are participants in the state-administered Consumer-Directed Services program. To effectuate the newly-created bargaining process, the Act created the Missouri Quality Home Care Council ("the Council") and authorized the personal care attendants to designate an exclusive bargaining representative. Under the Act, the Council engages in collective bargaining with the exclusive bargaining representative and recommends a wage rate for personal care attendants to the General Assembly. Although personal care attendants are ordinarily considered employees of the consumers for whom they provide services, the Act deems them employees of the Council for purposes of collective bargaining.

Following the overwhelming voter approval of the Act, the Council was created and personal care attendants formed and designated the Missouri Home Care Union as their exclusive bargaining representative ("the Bargaining Representative"). The Council and the Bargaining Representative engaged in negotiations, and the Council ultimately adopted a recommendation that Consumers be able to set their personal care attendant's wage between $8.50 and $10.15per hour. This wage rate increase was recommended to the General Assembly, as required by the Act, through promulgation of Rule 19 CSR 15-8.410 by the Department of Health and Senior Services, which administers the Consumer-Directed Services program. Senate Concurrent Resolution No. 46 seeks to disapprove this rule.

Rather than directly attacking the wage increase for personal care attendants, the General Assembly camouflages its dislike by raising misplaced procedural objections to the rule. And, notably, the General Assembly has offered no alternative to rulemaking to implement the recommended wage increase. Contrary to what Senate Concurrent Resolution No. 46 says, the Department of Health and Senior Services has general statutory authority to promulgate the rule. Further, Section 208.903.2, RSMo, requires the Department of Health and Senior Services to establish the statewide rate for personal care attendant services of which payment to personal care attendants is a component. In addition, the Act very

specifically requires the State to "cooperate in the implementation of any agreements reached by the council and any representative of personal care attendants." Section 208.862.5, RSMo. The State, through the Department, cooperated in the implementation of the agreement by promulgating the rule. At every step, the State has adhered to the process in the voter-approved Act: The establishment of the Council, the designation of the Bargaining Representative, and a negotiation between the two that ultimately resulted in a wage rate for personal care attendants. The rule is the means by which to implement the agreement, the Department had the authority to do so, and the General Assembly offers no alternative to rulemaking.

Senate Concurrent Resolution No. 46 would deny a bargained-for wage increase for personal care attendants. The absence of any suggested alternative to promulgating a rule suggests that the true motivation for this misguided resolution is simply to prevent personal care attendants from receiving competitive wages. But for Senate Concurrent Resolution No. 46, these workers would receive a pay increase.

In sum, Senate Concurrent Resolution No. 46 is wrong on the law and is a pretext for denying a wage increase to personal care attendants. With it, the General Assembly seeks to ignore the will of voters and to punish personal care attendants, neither of which will receive my approval.

In accordance with the above stated reasons for my disapproval, I am returning Senate Concurrent Resolution No. 46 without my approval.

Respectfully submitted,
Jeremiah W. (Jay) Nixon
Governor

Atterburry, 300 S.W.2d 806 (Mo. 1957).

Senator Parson offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 67

Whereas, humans need a varied diet containing protein in order to be healthy; and

Whereas, eggs are an efficient, nutritious, and affordable form of animal protein on which millions of Americans rely; and

Whereas, Article I, Section 8, Clause 3 of the United States Constitution, also known as the Commerce Clause, was designed to ensure free trade between the states by preventing any state from imposing a tariff or other restriction on goods from another state; and

Whereas, California is one of the nation's largest producers and consumers of eggs for human consumption; and

Whereas, conventional chicken enclosures, also known as battery cages, have been proven to better protect egg-laying hens from bone breaks, cannibalism, disease, smothering, and predation than free range operations or operations using so-called "enriched cages"; and

Whereas, forcing egg producers to switch to "enriched cages" or nonconfinement operations drove up the cost of eggs in the European Union while also leading to food shortages and the closure of countless farms; and

Whereas, forcing egg farmers in America to abandon battery cages in favor of "enriched cages" or nonconfinement operations will lead to the same impacts on the U.S. economy and food supply; and

Whereas, the Humane Society of the United States, also known as HSUS, is America's largest animal rights group and has aggressively pursued an agenda intended to decrease and eventually eliminate the public's consumption of animal protein; and

Whereas, California voters adopted Proposition 2 to their state constitution in 2008, requiring the state's egg producers to switch to "enriched cages" or nonconfinement operations in a campaign led and funded by the Humane Society of the United States; and

Whereas, in 2010, at the behest of HSUS, the California legislature passed AB 1437, which was signed into law by Governor Arnold Schwarzenegger, prohibiting the sale of eggs from other states that do not meet the requirements of Proposition 2 of 2008; and

Whereas, together, California's Proposition 2 and AB 1437 violate the Commerce Clause of the U.S. Constitution by preventing free trade among the states; and

Whereas, together, California's Proposition 2 and AB 1437 have artificially increased egg prices and restricted the availability of affordable eggs and vital animal protein to Californians, especially low-income citizens:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby condemn California's anti-trade actions and call on the California legislature to repeal AB 1437 and urge the voters of California to reconsider and repeal Proposition 2; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for the majority and minority leaders of the California General Assembly, the Governor of California, and the Attorney General of California.

Senator Schupp offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 68

Whereas, Falun Dafa, also known as Falun Gong, is a Chinese practice of gentle exercise and meditation based on the universal principles of truthfulness, compassion, and forbearance; and

Whereas, this practice, which transcends all cultural, social, economic, and national boundaries, has helped millions of practitioners in over 70 countries create and improve personal well-being and become more productive members of society; and

Whereas, in 1999 the government of the People's Republic of China outlawed the practice of Falun Dafa in that nation and created a campaign of persecution and terror against its peaceful adherents; and

Whereas, independent investigations confirmed that the Chinese regime commits forced organ harvesting on Falun Dafa prisoners of conscience that results in their deaths; and

Whereas, this persecution campaign against practitioners of Falun Dafa denies the basic human rights of freedom of belief, assembly and

expression:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby declare our support for the Falun Dafa movement and its followers and urge the United States government to demonstrate its support for freedom of expression to practice Falun Dafa; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for each member of the Missouri's Congressional delegation.

(6) "Qualifying military member", any member of the military of the United States, whether active duty, reserve, or National Guard, who served in the military after September 11, 2001, during time of war and

for whom the following criteria apply:

(a) A veteran was a Missouri resident when first entering the military service or at the time of death or injury;

(b) A veteran died or was injured as a result of combat action or a veteran's death or injury was certified by the Department of Veterans' Affairs medical authority to be attributable to an illness or accident that occurred while serving in combat, or became eighty percent disabled as a result of injuries or accidents sustained in combat action after September 11, 2001; and

2. Within the limits of the amounts appropriated therefor, the coordinating board for higher education shall award annually up to twenty-five grants to survivors of qualifying military members to attend institutions of postsecondary education in this state, which shall continue to be awarded annually to eligible recipients as long as the recipient achieves and maintains a cumulative grade point average of at least two and one-half on a four-point scale, or its equivalent. If the waiting list of eligible survivors exceeds fifty, the coordinating board may petition the general assembly to expand the quota. If the quota is not expanded, then the eligibility of survivors on the waiting list shall be extended.

Journal of the Senate

SECOND REGULAR SESSION

THIRTY-FOURTH DAY—MONDAY, MARCH 7, 2016

The Senate met pursuant to adjournment.

Senator Pearce in the Chair.

Reverend Carl Gauck offered the following prayer:

"My mouth shall speak of wisdom." (Psalm 49:3)

We give You thanks O Lord for those who have left a legacy of legislation and good works that are filled with wisdom and knowledge. We see their pictures lining the walls as we make our way to and from our office and we are thankful for them. Guide us by Your spirit as You guided them and help us to avoid the influence of those who seek only their own glory. Empower us to place first the needs of those who are about us and seek our help. In Your Holy Name we pray. Amen.

Journal of the Senate

SECOND REGULAR SESSION

THIRTY-NINTH DAY—WEDNESDAY, MARCH 16, 2016

The Senate met pursuant to adjournment.

President Pro Tem Richard in the Chair.

Reverend Carl Gauck offered the following prayer:

"Blessed are the meek, for they will inherit the earth. Blessed are those who hunger and thirst for righteousness, for they will be filled. Blessed are the merciful, for they will receive mercy. Blessed are the pure in heart, for they will see God. Blessed are the peacemakers, for they will be called children of God." (Matthew 5:59)

Lord God during this time of Lent we know You require meekness, those who are dependent on You and walk in the way of righteous and we pray that we might be such a people. Guide us to seek You always and be those who seek to bring one another together, learning from the Prince of Peace. Let each here seek to be called children of God and complete our Lenten journey being filled with righteousness. In Your Holy Name we pray. Amen.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 980, Page 1, In the Title, Line 5 of the title, by inserting after "section" the following: "and an emergency clause for a certain section"; and

Further amend said bill, Page 8, Section 105.683, Line 21 of said page, by inserting after all of said line the following:

"169.070. 1. The retirement allowance of a member whose age at retirement is sixty years or more and whose creditable service is five years or more, or whose sum of age and creditable service equals eighty years or more, or who has attained age fifty-five and whose creditable service is twenty-five years or more or whose creditable service is thirty years or more regardless of age, may be the sum of the following items, not to exceed one hundred percent of the member's final average salary:

(1) Two and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years. In lieu of the retirement allowance otherwise provided in subdivisions (1) and (2) of this subsection, a member may elect to receive a retirement allowance of:

(3) Two and four-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years, and the member has not attained age fifty-five;

(4) Two and thirty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-eight years or more but less than twenty-nine years, and the member has not attained age fifty-five;

(5) Two and three-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-seven years or more but less than twenty-eight years, and the member has not attained age fifty-five;

(6) Two and twenty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-six years or more but less than twenty-seven years, and the member has not attained age fifty-five;

(7) Two and two-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years, and the member has not attained age fifty-five;

(8) **[**Between July 1, 2001, and July 1, 2014,**]** Two and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is thirty-one

years or more regardless of age.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2. Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1;

OR

Option 3. Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 4. Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 5. Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving

children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum;

OR

Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the

beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the

system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become

effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form

of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

(1) Thirty or more years of service, one thousand two hundred dollars;

(2) At least twenty-five years but less than thirty years, one thousand dollars;

(3) At least twenty years but less than twenty-five years, eight hundred dollars;

(4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received."; and

Further amend said bill and page, Section B, Line 23 of said page, by inserting after all of said line the following:

"Section C. Because of the importance of providing an additional retirement allowance option to Missouri teachers, the repeal and reenactment of section 169.070 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of section 169.070 of this act shall be in full force and effect upon its passage and approval."; and

Further amend the title and enacting clause accordingly.

Senator Pearce moved that the above amendment be adopted.

HOUSE COMMITTEE SUBSTITUTE FOR
HOUSE CONCURRENT RESOLUTION NO. 73

WHEREAS, cystic fibrosis, commonly referred to as "CF", is a genetic disease affecting approximately 30,000 children and adults in the United States and nearly 70,000 children and adults worldwide, 717 of whom live in Missouri; and

WHEREAS, a defective gene causes the body to produce an abnormally thick, sticky mucus that clogs the lungs, and these secretions produce life-threatening lung infections and obstruct the pancreas, preventing digestive enzymes from reaching the intestines to help break down and absorb food; and

WHEREAS, more than 10 million Americans are symptomless carriers of the defective CF gene, and CF occurs in approximately one of every 3,500 live births in the United States; and

WHEREAS, the median age of survival for a person with CF is 39.3 years; and

WHEREAS, with advances in the treatment of CF, the number of adults with CF has steadily grown, and approximately 900 new cases of CF are diagnosed each year; and

WHEREAS, fifty percent of the CF population is 18 years of age and older, and people with CF have a variety of symptoms attributed to the more than 1,800 mutations of the CF gene; and

WHEREAS, infant blood screening to detect genetic defects is the most reliable and least costly method to identify persons likely to have CF; and

WHEREAS, early diagnosis of CF permits early treatment and enhances quality of life and longevity and the treatment of CF depends on the stage of the disease and the organs involved; and

WHEREAS, clearing mucus from the lungs is an important part of the daily CF treatment regimen, and other types of treatments include inhaled antibiotics and pancreatic enzymes, among others; and

WHEREAS, there are 8 world-class treatment centers in Missouri which specialize in the diagnosis of CF and the care of persons with CF; and

WHEREAS, a critical component of treating patients with CF includes access to innovative treatments, which can play a crucial role in the lives of patients with CF; and

WHEREAS, improving the length and quality of life for people with CF starts with awareness:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, Second Regular Session, the Senate concurring therein, hereby designate the month of May of each year as "Cystic Fibrosis Awareness Month" in Missouri.

SECOND REGULAR SESSION

FORTIETH DAY—THURSDAY, MARCH 17, 2016

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

God of Creation, as we leave here this day, with our work done for the time being, we do so looking forward to a week of rest and activities we don't have here. May we find time to re-energize and restore our bodies. And may we find time for stillness with You that allows our souls to also be nourished by Your word and grace. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

SENATE RESOLUTION NO. 1793

Whereas, on July 21, 2015, the President Pro Tempore of the Senate established, pursuant to Senate Rule No. 31, the Senate Interim Committee on the Sanctity of Life composed of seven members of the Missouri Senate (later amended to include ten members of the Senate) with the following duties:

1. Conduct an in-depth analysis of the Planned Parenthood business model and the methods by which they dispose of human remains from aborted fetuses;

2. Investigate whether Planned Parenthood, and any of its affiliates or associates, is or has engaged in activity contrary to the laws of this state;

3. Determine whether any state dollars have been directly used in such activity or used in a manner to offset expenses so that Planned Parenthood and any of its affiliates and associates might engage in such alleged activities;

4. Investigate whether any person, past or present, employed by the state of Missouri had any prior knowledge of any such alleged activity or misuse of state funds; and

5. Examine and investigate any other issues the Committee deems relevant to the allegations brought forth against Planned Parenthood; and

Whereas, over the course of several months, the Committee held public hearings to receive the testimony of witnesses and develop recommendations for the Missouri Senate; and

Whereas, on November 24, 2015, the Committee, pursuant to the call issued by the President Pro Tempore of the Senate on July 21, 2015, and as part of its legislative duties to investigate whether or not an entity that is receiving state funds violated any state laws, issued a subpoena duces tecum to Mary Kogut of Planned Parenthood of the St. Louis Region and Southwest Missouri (attached as Exhibit 1). The subpoena was properly signed by President Pro Tempore of the Missouri Senate Ron Richard and attested to by the Secretary of the Missouri Senate and received by Ms. Kogut on or about November 24, 2015; and

Whereas, the subpoena duces tecum commanded Ms. Kogut to provide the records contained in Attachment A to the subpoena within fourteen days after receiving service of the subpoena; and

Whereas, on December 4, 2015, an attorney representing Planned Parenthood of the St. Louis Region and Southwest Missouri (PPSLR) sent a letter to President Pro Tempore Richard objecting to the subpoena and indicating that PPSLR would not be producing responsive documents; and

Whereas, to this day, PPSLR has failed to comply with a properly executed subpoena duces tecum issued by the Missouri Senate and has not indicated that it intends to ever comply with the subpoena duces tecum; and

Whereas, in the judgment of this body, the documents sought by the Committee were relevant and pertinent to the charge of the Committee and should have been produced by PPSLR in the time period denoted in the subpoena duces tecum; and

Whereas, the General Assembly is authorized to issue subpoenas pursuant to Senate Rule 14 as well as Section 21.400, RSMo, which states "Subpoenas for witnesses and the production of records shall be issued at the request of any member of the senate or the house of representatives, or the party accused, or any member of any committee; and all process awarded by the senate or house of representatives, and subpoenas and other process for witnesses whose attendance is required by either the senate or the house, or before any committee, shall be under the hand of the president pro tem, or the speaker and attested by the secretary or chief clerk, as the case may be, and shall be executed by the sergeant at arms of such house, or by a special messenger appointed for that purpose."; and

Whereas, the General Assembly possesses power under the Missouri Constitution to arrest and punish a person who is guilty of contemptuous behavior; specifically Article III, Section 18 of the Missouri Constitution states, in part, that "Each house [of the General Assembly] may arrest and punish by fine not exceeding three hundred dollars, or imprisonment in a county jail not exceeding ten days, or both, any person not a member, who shall be guilty of disrespect to the house by any disorderly or contemptuous behavior in its presence during its sessions..."; and

Whereas, Ms. Kogut and PPSLR have engaged in contemptuous behavior under Article III, Section 18 of the Missouri Constitution by refusing to comply with the subpoena issued under authority granted by Senate Rule 14 and section 21.400, RSMo:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, hereby declare that the aforementioned failure to comply with the subpoena duces tecum issued by the Missouri Senate is an insult to this body, and intended as such by Mary Kogut and PPSLR, and constitutes and is in contempt of the power and authority of the Missouri Senate; and

Be It Further Resolved that Ms. Kogut and PPSLR had no lawful excuse for not complying with the subpoena duces tecum; that the information to be obtained by the Committee from PPSLR would be important and material for the Committee in fulfilling its legislative duties; that it was the duty of Ms. Kogut and PPSLR to have provided the requested documents; and

Be It Further Resolved that Ms. Kogut be summoned to appear at the bar of this body and show cause why she should not be punished for said contempt; and

Be It Further Resolved that the President Pro Tempore of the Senate and the Secretary of the Senate are hereby authorized to the issue the necessary process to bring Ms. Kogut to the Senate Chamber within the Missouri State Capitol on April 18, 2016, at 10:00 a.m., and the Sergeant-at-Arms, or his designee, is authorized and required to execute such process in the manner directed therein.

Journal of the Senate

SECOND REGULAR SESSION

FORTY-FIFTH DAY—MONDAY, APRIL 4, 2016

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"O God, you are my God; eagerly I seek you;.." (Psalm 63)

Gracious and merciful God, mercifully we call upon You this day as we come back together to serve and do those things You require of us. Lord, we pray that You will bless us so that we will be obedient and seek to live righteously. Guide and direct us this week so we may truly benefit others with the efforts we will put forth and complete. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

SENATE COMMITTEE SUBSTITUTE FOR

SENATE CONCURRENT RESOLUTIONS NOS. 53 & 44

Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution which place limits on the federal government.

Whereas, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

Whereas, the federal government has created a crushing national debt through improper and imprudent spending; and

Whereas, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

Whereas, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

Whereas, it is the solemn duty of the states to protect the liberty of our people - particularly for the generations to come - to propose amendments to the United States Constitution through a convention of states under Article V to place clear restraints on these and related abuses of power:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby apply to Congress, under the provisions of Article V of the United States Constitution,

When a court of jurisdiction in juvenile cases has a local court rule or otherwise mandates that a juvenile shall be restrained during court proceedings using either handcuffs, chains, irons, or a straitjacket, the juvenile's attorney shall have the right to be heard on the issue of the necessity of restraints on the juvenile and request that the restraints on the juvenile not be used. 2. The necessary health care standards for pregnant and postpartum offenders shall include:

(1) Except in extraordinary circumstances, no restraints of any kind may be used on offenders during the second and third trimesters of pregnancy or for forty-eight hours post-delivery, whether during transportation to and from visits to health care providers and court proceedings or during labor and delivery;

3. In the event a doctor determines that extraordinary circumstances exist and restraints are used, the doctor shall fully document in writing within seven days of the incident the reasons he or she determined such extraordinary circumstances existed, the kind of restraints used, and the reasons those restraints were considered the least restrictive available and the most reasonable under the circumstances.

(3) "Filler", a person, or photograph of a person, who is not suspected of an offense and is included in an identification procedure that resembles the eyewitness's description of the perpetrator in significant features such as race, weight, build, or skin tone;

(4) "Live lineup", an identification procedure in which a group of persons, including the suspected perpetrator of an offense and other persons not suspected of the offense, is displayed to an eyewitness for the purpose of determining whether the eyewitness identifies the suspect as the perpetrator;

(5) "Photo lineup", an identification procedure in which an array of photographs, including a photograph of the suspected perpetrator of an offense and additional photographs of other persons not suspected of the offense, is displayed to an eyewitness for the purpose of determining whether the eyewitness identifies the suspect as the perpetrator;

(6) "Showup", an identification procedure in which an eyewitness is presented with a single suspect for the purpose of determining whether the eyewitness identifies such individual as the perpetrator;

(7) "Suspect", the person believed by law enforcement to be the possible perpetrator of the crime.

2. By January 1, 2018, any law enforcement agency conducting one or more of the identification procedures listed in subsection 1 of this section shall adopt written policies governing the procedures. Each agency shall provide a copy of its written policies to the director of the department of public safety by February 1, 2018.

3. In developing policies under this section, a law enforcement agency shall adopt practices shown by reliable evidence to enhance the accuracy of identification procedures and minimize mistaken identifications. The policies shall include the following:

know the suspect's identity or employs a procedure that prevents the administrator from observing the lineup members being viewed by the eyewitness;

(2) A requirement that a statement of confidence be elicited and documented verbatim at the time that an identification is made;

(3) A requirement that specific instructions be given to the eyewitness prior to a live or photo lineup to minimize the likelihood of an inaccurate identification. The list of instructions shall include a directive that the perpetrator may not be in the lineup, the administrator does not know if the suspect or perpetrator is in the lineup, the investigation will continue if a suspect is not identified during the lineup, and if the eyewitness does make an identification during the procedure, the eyewitness will be required to give a statement regarding his or her confidence level in the identification;

(4) A requirement for a minimum of four fillers to appear in each live lineup, a required minimum of five fillers in each photo lineup, and a requirement that all fillers generally resemble the description of the perpetrator provided by the eyewitness while ensuring no lineup member stands out;

(5) Prohibitions on reusing fillers in lineups viewed by the same eyewitness and allowing an eyewitness to participate in multiple lineups that include the same suspect;

(6) A prohibition on allowing more than one suspect to be present, or have his or her photograph present, at a lineup; and

(7) If videotaping or digital video recording of the lineup is not practicable, a requirement that the lineup be documented by taking a photograph of each lineup and creating a detailed record that describes all identification and nonidentification results obtained during the identification procedures, signed by the eyewitnesses, including the eyewitnesses' confidence statements; the names of all persons present at the identification procedure, including the names of the lineup administrator and whether the administrator knew the identity of the suspect or used a method that prevented him or her from observing the lineup members being viewed by the eyewitness; the date and time of the identification procedure; any eyewitness identification of a filler; the names of the lineup members and other relevant identifying information; and the sources of all photographs or persons used in the lineup.

4. Nothing in this section shall be construed as a ground to exclude evidence at trial. When evidence of compliance or noncompliance with the requirements of this section has been admitted and presented at trial, the jury shall be instructed that it may consider the evidence of compliance or noncompliance in assessing whether a pre-trial eyewitness identification was reliable."; and

Further amend said bill, section B, page 132, line 26, by striking the word "section" and inserting in lieu thereof "sections 491.500 and"; and

(4) When the state accepts a person from another state under any interstate compact, or under any other reciprocal agreement with any county, state, or federal agency, or any other provision of law, whether or not the person is confined or released, the acceptance is conditional on the person providing a DNA sample if the person was found guilty of a felony offense in any other jurisdiction; or

3. The Missouri state highway patrol and department of corrections shall be responsible for ensuring adherence to the law. Any person required to provide a DNA sample pursuant to this section shall be required to provide such sample, without the right of refusal, at a collection site designated by the Missouri state highway patrol and the department of corrections. Authorized personnel collecting or assisting in the collection of samples shall not be liable in any civil or criminal action when the act is performed in a reasonable manner. Such force may be used as necessary to the effectual carrying out and application of such processes and operations. The enforcement of these provisions by the authorities in charge of state correctional institutions and others having custody or jurisdiction over individuals included in subsection 1 of this section which shall not be set aside or reversed is hereby made mandatory. The board of probation or parole shall recommend that an individual on probation or parole who refuses to provide a DNA sample have his or her probation or parole revoked. 5. Unauthorized use or dissemination of individually identifiable DNA information in a database for purposes other than criminal justice or law enforcement is a class A misdemeanor.

6. Implementation of sections 650.050 to 650.100 shall be subject to future appropriations to keep Missouri's DNA system compatible with the Federal Bureau of Investigation's DNA databank system.

7. All DNA records and biological materials retained in the DNA profiling system are considered closed records pursuant to chapter 610. All records containing any information held or maintained by any person or by any agency, department, or political subdivision of the state concerning an individual's DNA profile shall be strictly confidential and shall not be disclosed, except to:

(2) The attorney general or any assistant attorneys general acting on his or her behalf, as defined in chapter 27;

(3) Prosecuting attorneys or circuit attorneys as defined in chapter 56, and their employees who need to obtain such records to perform their public duties;

(4) The individual whose DNA sample has been collected, or his or her attorney; or

(5) Associate circuit judges, circuit judges, judges of the courts of appeals, supreme court judges, and their employees who need to obtain such records to perform their public duties.

8. Any person who obtains records pursuant to the provisions of this section shall use such records only for investigative and prosecutorial purposes, including but not limited to use at any criminal trial, hearing, or proceeding; or for law enforcement identification purposes, including identification of human remains. Such records shall be considered strictly confidential and shall only be released as authorized by this section.

9. An individual may request expungement of his or her DNA sample and DNA profile through the court issuing the reversal or dismissal. A certified copy of the court order establishing that such conviction has been reversed or guilty plea has been set aside shall be sent to the Missouri state highway patrol crime laboratory. Upon receipt of the court order, the laboratory will determine that the requesting individual has no other qualifying offense as a result of any separate plea or conviction and no other qualifying arrest prior to expungement.

(1) A person whose DNA record or DNA profile has been included in the state DNA database in accordance with this section and sections 650.050, 650.052, and 650.100 may request expungement on the grounds that the conviction has been reversed, or the guilty plea on which the authority for including that person's DNA record or DNA profile was based has been set aside.

(2) Upon receipt of a written request for expungement, a certified copy of the final court order reversing the conviction or setting aside the plea and any other information necessary to ascertain the validity of the request, the Missouri state highway patrol crime laboratory shall expunge all DNA records and identifiable information in the state DNA database pertaining to the person and destroy the DNA sample of the person, unless the Missouri state highway patrol determines that the person is otherwise obligated to submit a DNA sample. Within thirty days after the receipt of the court order, the Missouri state highway patrol shall notify the individual that it has expunged his or her DNA sample and DNA profile, or the basis for its determination that the person is otherwise obligated to submit a DNA sample.

(3) The Missouri state highway patrol is not required to destroy any item of physical evidence obtained from a DNA sample if evidence relating to another person would thereby be destroyed.

(4) Any identification, warrant, arrest, or evidentiary use of a DNA match derived from the database shall not be excluded or suppressed from evidence, nor shall any conviction be invalidated or reversed or plea set aside due to the failure to expunge or a delay in expunging DNA records.

10. When a DNA sample is taken from an individual pursuant to subdivision (2) of subsection 1 of this section and the prosecutor declines prosecution and notifies the arresting agency of that decision, the arresting agency shall notify the Missouri state highway patrol crime laboratory within ninety days of receiving such notification. Within thirty days of being notified by the arresting agency that the prosecutor has declined prosecution, the Missouri state highway patrol crime laboratory shall determine whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken and retained. If the individual has no other qualifying offenses or arrests, the crime laboratory shall expunge all DNA records in the database taken at the arrest for which the prosecution was declined pertaining to the

person and destroy the DNA sample of such person.

11. When a DNA sample is taken of an arrestee for any offense listed under subsection 1 of this section and charges are filed:

(1) If the charges are later withdrawn, the prosecutor shall notify the state highway patrol crime laboratory that such charges have been withdrawn;

(2) If the case is dismissed, the court shall notify the state highway patrol crime laboratory of such dismissal;

(3) If the court finds at the preliminary hearing that there is no probable cause that the defendant committed the offense, the court shall notify the state highway patrol crime laboratory of such finding;

(4) If the defendant is found not guilty, the court shall notify the state highway patrol crime laboratory of such verdict. If the state highway patrol crime laboratory receives notice under this subsection, such crime laboratory shall determine, within thirty days, whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken. If the individual has no other qualifying arrests or offenses, the crime laboratory shall expunge all DNA records in the database pertaining to such person and destroy the person's DNA sample."; and

Further amend the title and enacting clause accordingly.

Senator Sifton moved that the above amendment be adopted, which motion prevailed.

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 590, Page 27, Section 198.070, Line 17 of said page, by inserting after all of said line the following:

"211.059. 1. When a child is taken into custody by a juvenile officer or law enforcement official, with or without a warrant for an offense in violation of the juvenile code or the general law which would place the child under the jurisdiction of the juvenile court pursuant to subdivision (2) or (3) of subsection 1 of section 211.031, the child shall be advised prior to questioning:

(1) That he has the right to remain silent; and

(2) That any statement he does make to anyone can be and may be used against him; and

(3) That he has a right to have a parent, guardian or custodian present during questioning; and

(4) That he has a right to consult with an attorney and that one will be appointed and paid for him if he cannot afford one.

2. If the child indicates in any manner and at any stage of questioning pursuant to this section that he does not wish to be questioned further, the officer shall cease questioning.

3. When a child is taken into custody by a juvenile officer or law enforcement official which places the child under the jurisdiction of the juvenile court under subdivision (1) of subsection 1 of section 211.031, including any interactions with the child by the children's division, the following shall apply:

(1) If the child indicates in any manner at any stage during questioning involving the alleged abuse and neglect that the child does not wish to be questioned any further on the allegations, or that the child wishes

to have his or her parent, legal guardian, or custodian if such parent, guardian, or custodian is not the alleged perpetrator, or his or her attorney present during questioning as to the alleged abuse, the questioning of the child shall cease on the alleged abuse and neglect until such a time that the child does not object to talking about the alleged abuse and neglect unless the interviewer has reason to believe that the parent, legal guardian, or custodian is acting to protect the alleged perpetrator. Nothing in this subdivision shall be construed to prevent the asking of any questions necessary for the care, treatment, or placement of a child; and

(2) Notwithstanding any prohibition of hearsay evidence, all video or audio recordings of any meetings, interviews, or interrogations of a child shall be presumed admissible as evidence in any court or administrative proceeding involving the child if the following conditions are met:

(a) Such meetings, interviews, or interrogations of the child are conducted by the state prior to or after the child is taken into the custody of the state; and

(b) Such video or audio recordings were made prior to the adjudication hearing in the case. Nothing in this paragraph shall be construed to prohibit the videotaping or audiotaping of any such meetings, interviews, or interrogations of a child after the adjudication hearing; and

The provisions of this subsection shall not apply to statements admissible under section 491.075 or 492.304 in criminal proceedings.

4. For the purposes of this section, any court recognized exception from the required warnings given by law enforcement concerning constitutional rights to an adult prior to custodial interrogation shall also apply to a child taken into custody. SENATE AMENDMENT NO. 8

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 590, Page 41, Section 301.559, Line 18, by inserting immediately after said line the following:

"304.351. 1. The driver of a vehicle approaching an intersection shall yield the right-of-way to a vehicle which has entered the intersection from a different highway, provided, however, there is no form of traffic control at such intersection.

2. When two vehicles enter an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right-of-way to the driver of the vehicle on the right. This subsection shall not apply to vehicles approaching each other from opposite directions when the driver of one of such vehicles is attempting to or is making a left turn.

3. The driver of a vehicle within an intersection intending to turn to the left shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard.

4. (1) The state highways and transportation commission with reference to state highways and local authorities with reference to other highways under their jurisdiction may designate through highways and erect stop signs or yield signs at specified entrances thereto, or may designate any intersection as a stop intersection or as a yield intersection and erect stop signs or yield signs at one or more entrances to such intersection.

(2) Preferential right-of-way at an intersection may be indicated by stop signs or yield signs as authorized in this section:

(a) Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection, indicated by a stop sign, shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection, or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic in the intersecting roadway before entering the intersection. After having stopped, the driver shall yield the right-of-way to any vehicle which has entered the intersection from another highway or which is approaching so closely on the highway as to constitute an immediate hazard during the time when such driver is moving across or within the intersection.

(b) The driver of a vehicle approaching a yield sign shall in obedience to the sign slow down to a speed reasonable to the existing conditions and, if required for safety to stop, shall stop at a clearly marked stop line, but if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway. After slowing or stopping the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard during the time such traffic is moving across or within the intersection.

5. The driver of a vehicle about to enter or cross a highway from an alley, building or any private road or driveway shall yield the right-of-way to all vehicles approaching on the highway to be entered.

6. The driver of a vehicle intending to make a left turn into an alley, private road or driveway shall yield the right-of-way to any vehicle approaching from the opposite direction when the making of such left turn would create a traffic hazard.

7. The state highways and transportation commission or local authorities with respect to roads under their respective jurisdictions, on any section where construction or major maintenance operations are being effected, may fix a speed limit in such areas by posting of appropriate signs, and the operation of a motor vehicle in excess of such speed limit in the area so posted shall be deemed prima facie evidence of careless and imprudent driving and a violation of section 304.010.

8. Notwithstanding the provisions of section 304.361, violation of this section shall be deemed a class C misdemeanor.

9. In addition to the penalty specified in subsection 8 of this section, any person who pleads guilty to or is found guilty of a violation of this section in which the offender is found to have caused physical injury, there shall be assessed a penalty of up to **[**two hundred**] five hundred** dollars**, but no less than two hundred dollars**. The court may issue an order of suspension of such person's driving privilege for a period of thirty days.

10. In addition to the penalty specified in subsection 8 of this section, any person who pleads guilty to or is found guilty of a violation of this section in which the offender is found to have caused serious physical injury, there shall be assessed a penalty of up to **[**five hundred**] one thousand five hundred** dollars**, but no less two hundred fifty dollars**. The court may issue an order of suspension of such person's driving privilege for a period of ninety days.

11. In addition to the penalty specified in subsection 8 of this section, any person who pleads guilty to or is found guilty of a violation of this section in which the offender is found to have caused a fatality, there shall be assessed a penalty of up to **[**one**] five** thousand dollars**, but no less than one thousand dollars**. The court may issue an order of suspension of such person's driving privilege for a period of six months. **Such person shall also be required to participate in and successfully complete a driver-improvement program approved by the director of the department of revenue.**

12. As used in subsections 9 and 10 of this section, the terms "physical injury" and "serious physical injury" shall have the meanings ascribed to them in section 556.061.

13. For any court-ordered suspension under subsection 9, 10, or 11 of this section, the director of the department shall impose such suspension as set forth in the court order. The order of suspension shall include the name of the offender, the offender's driver's license number, Social Security number, and the effective date of the suspension. Any appeal of a suspension imposed under subsection 9, 10, or 11 of this section shall be a direct appeal of the court order and subject to review by the presiding judge of the circuit court or another judge within the circuit other than the judge who issued the original order to suspend the driver's license. The director of revenue's entry of the court-ordered suspension on the driving record is not a decision subject to review under section 302.311. Any suspension of the driver's license ordered by the court under this section shall be in addition to any other suspension that may occur as a result of the conviction under other provisions of law."; and

Loving Father, we look on our world and too often we see the evil and ugliness that is in it. Such times open us to question and we ask why and we seek Your guidance. We find within You a steadfast love that helps us see Your caring and gracious presence that can help us overcome evil with good and help those in need about us. We are thankful for Your teaching and direction. In Your Holy Name we pray. Amen.

SENATE COMMITTEE SUBSTITUTE FOR

SENATE RESOLUTION NO. 1793

Whereas, on July 21, 2015, the President Pro Tempore of the Senate established, pursuant to Senate Rule No. 31, the Senate Interim Committee on the Sanctity of Life composed of seven members of the Missouri Senate (later amended to include ten members of the Senate) with the following duties:

1. Conduct an in-depth analysis of the Planned Parenthood business model and the methods by which they dispose of human remains from aborted fetuses;

2. Investigate whether Planned Parenthood, and any of its affiliates or associates, is or has engaged in activity contrary to the laws of this state;

3. Determine whether any state dollars have been directly used in such activity or used in a manner to offset expenses so that Planned

Parenthood and any of its affiliates and associates might engage in such alleged activities;

4. Investigate whether any person, past or present, employed by the state of Missouri had any prior knowledge of any such alleged activity or misuse of state funds; and

5. Examine and investigate any other issues the Committee deems relevant to the allegations brought forth against Planned Parenthood; and

Whereas, over the course of several months, the Committee held public hearings to receive the testimony of witnesses and develop recommendations for the Missouri Senate; and

Whereas, on November 24, 2015, the Committee, pursuant to the call issued by the President Pro Tempore of the Senate on July 21, 2015, and as part of its legislative duties to investigate whether or not an entity that is receiving state funds violated any state laws, issued a subpoena duces tecum to Mary Kogut of Planned Parenthood of the St. Louis Region and Southwest Missouri (attached as Exhibit 1). The subpoena was properly signed by President Pro Tempore of the Missouri Senate Ron Richard and attested to by the Secretary of the Missouri Senate and received by Ms. Kogut on or about November 24, 2015; and

Whereas, the subpoena duces tecum commanded Ms. Kogut to provide the records contained in Attachment A to the subpoena within fourteen days after receiving service of the subpoena; and

Whereas, on December 4, 2015, an attorney representing Planned Parenthood of the St. Louis Region and Southwest Missouri (PPSLR) sent a letter to President Pro Tempore Richard objecting to the subpoena and indicating that PPSLR would not be producing responsive documents; and

Whereas, the objections to the subpoena duces tecum contained in the letter to President Pro Tempore Richard by PPSLR on December 4, 2015, have been distributed to the members of the Senate Committee on Rules, Joint Rules, Resolutions, and Ethics; and

Whereas, in the judgment of the Senate Committee on Rules, Joint Rules, Resolutions, and Ethics, the objections to the subpoena duces tecum are without merit and that such subpoena should be fully complied with; and

Whereas, correspondence between the counsel for the President Pro Tempore and PPSLR dated March 21, 2016, removed any possible ambiguity by clarifying that the subpoena duces tecum did not seek any personally identifiable information from any client; and

Whereas, to this day, PPSLR has failed to comply with a properly executed subpoena duces tecum issued by the Missouri Senate and has not indicated that it intends to ever comply with the subpoena duces tecum; and

Whereas, in the judgment of this body, the documents sought by the Committee were relevant and pertinent to the charge of the Committee and should have been produced by PPSLR in the time period denoted in the subpoena duces tecum; and

Whereas, the General Assembly is authorized to issue subpoenas pursuant to Senate Rule 14 as well as Section 21.400, RSMo, which states "Subpoenas for witnesses and the production of records shall be issued at the request of any member of the senate or the house of representatives, or the party accused, or any member of any committee; and all process awarded by the senate or house of representatives, and subpoenas and other process for witnesses whose attendance is required by either the senate or the house, or before any committee, shall be under the hand of the president pro tem, or the speaker and attested by the secretary or chief clerk, as the case may be, and shall be executed by the sergeant at arms of such house, or by a special messenger appointed for that purpose."; and

Whereas, the General Assembly possesses power under the Missouri Constitution to arrest and punish a person who is guilty of contemptuous behavior; specifically Article III, Section 18 of the Missouri Constitution states, in part, that "Each house [of the General Assembly] may arrest and punish by fine not exceeding three hundred dollars, or imprisonment in a county jail not exceeding ten days, or both, any person not a member, who shall be guilty of disrespect to the house by any disorderly or contemptuous behavior in its presence during its sessions..."; and

Whereas, Ms. Kogut and PPSLR have engaged in contemptuous behavior under Article III, Section 18 of the Missouri Constitution by refusing to comply with the subpoena issued under authority granted by Senate Rule 14 and section 21.400, RSMo:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, hereby declare that the aforementioned failure to comply with the subpoena duces tecum issued by the Missouri Senate is an insult to this body, and intended as such by Mary Kogut and PPSLR, and constitutes and is in contempt of the power and authority of the Missouri Senate; and

Be It Further Resolved that Ms. Kogut and PPSLR had no lawful excuse for not complying with the subpoena duces tecum; that the information to be obtained by the Committee from PPSLR would be important and material for the Committee in fulfilling its legislative duties; that it was the duty of Ms. Kogut and PPSLR to have provided the requested documents; and

Be It Further Resolved that Ms. Kogut be summoned to appear at the bar of this body and show cause why she should not be punished for said contempt; and

Be It Further Resolved that the President Pro Tempore of the Senate and the Secretary of the Senate are hereby authorized to issue the necessary process to bring Ms. Kogut to the Senate Chamber within the Missouri State Capitol on April 18, 2016, at 2:00 p.m., and the Sergeant-at-Arms, or his designee, is authorized and required to execute such process in the manner directed therein**.**

Journal of the Senate

SECOND REGULAR SESSION

FIFTIETH DAY—TUESDAY, APRIL 12, 2016

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"Grant that I may not pray alone with the mouth; help me that I may pray from the depths of my heart." (Martin Luther)

Mysterious and yet intimate Lord, we know we are to seek You in prayer that is more than words and thoughts but often the groans of the soul deep within us. There in the essential light that illuminates our darkness we seek to find You and know that which is often incomprehensible. Let us fully come to know You, that we may come to truly know ourselves and offer that to You to use and be made complete through Your guidance and spirit. So let our hearts be open to You and may Your love bring forth freshness and purity in our actions and efforts this day. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-FIRST DAY—WEDNESDAY, APRIL 13, 2016

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"…the longer I live, the more convincing proofs I see of this truth, that God governs the affairs of men." (Benjamin Franklin)

O God who governs all that exists, we recognize that we can learn from those who have gone before us. We see the faces and names every day, as we walk these halls and in the books we read and the images we see, of those who have gone before us; help us learn the lesson of Your benevolent governing of our world as they did. Help us to see how they learned to work together so our mutual efforts might truly be beneficial as we, like them, seek to follow Your directing spirit. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

NOW, THEREFORE, BE IT RESOLVED that the Missouri Senate hereby grant the participants of the 21st Century Leadership Academy use of the Senate Chamber for the purpose of conducting a mock legislative session from 9:30 am to 12:00 pm on Wednesday, May 25, 2016.

Senator Walsh requested unanimous consent of the Senate that the rules be suspended for the purpose of taking **SR 1969** up for adoption, which request was granted.

On motion of Senator Walsh, **SR 1969** was adopted.

Senator Dixon offered the following resolution:

SENATE RESOLUTION NO. 1970

Whereas, Wednesday, April 13, 2016, marks the 273rd anniversary of the birth of Thomas Jefferson, third President of the United States, author of the Declaration of American Independence, and greatest advocate of democracy of all time; and

Whereas, the Senate is desirous of paying tribute to the memory of this great man; and

Whereas, the Senate of Missouri, perhaps more than other lawmakers elsewhere in the nation, should be constantly aware of the vision of Jefferson the man as we conduct the governance of this state on the brow of the bluff overlooking the great river which drains a large part of the territory purchased by Thomas Jefferson in the Louisiana Purchase, the most significant and far-reaching extension of territory ever peaceably made by any government in all of human history; and

Whereas, we cannot acclaim too highly the deeds of this great man, an author, architect, President of the Philosophical Society of the United States for twenty years, scholar, statesman, first Secretary of State, second Vice-President, and third President of the United States, a man thoroughly rounded in nature and accomplishments who so nobly fulfilled all the important responsibilities which came to him in his notable career; and

Whereas, by his authorship of the Declaration of Independence, Thomas Jefferson presented to the world one of the greatest documents of American history and in the whole history of human freedom and gave to the world a whole new concept of existence of government by the consent and for the welfare of the people; and

Whereas, Jefferson began his formal education at the age of nine, studying Latin and Greek at a local private school run by the Reverend William Douglas; and

Whereas, in 1757, at the age of 14, he took up further study of the classical languages as well as literature and mathematics with the Reverend James Maury, whom Jefferson later described as a correct classical scholar; and

Whereas in 1760, having learned all he could from Reverend Maury, Jefferson left home to attend the College of William and Mary in

Williamsburg, Virginia's capital; and

Whereas, Jefferson read law under George Wythe, one of the preeminent lawyers of the American colonies and although there were no law schools at this time, Jefferson won admission to the Virginia bar in 1767 and was one of the most learned lawyers in America; and

Whereas, from 1767 to 1774, Jefferson practiced law in Virginia with great success and it was during this time he met Martha Wayles Skelton and the pair married on January 1, 1772; and

Whereas, Jefferson was one of the earliest and most fervent supporters of the cause of American independence from Great Britain; and

Whereas, he was elected to the Virginia House of Burgesses in 1768 and joined its radical bloc, led by Patrick Henry and George Washington; and

Whereas, in 1774, Jefferson penned his first major political work, "A Summary View of the Rights of British America" which established his reputation as one of the most eloquent advocates of the American cause; and

Whereas, in June of 1776, Congress appointed a select group of five men to draft a Declaration of Independence and that committee chose Jefferson to author the Declaration's first draft; and

Whereas, after authoring the Declaration of Independence, Jefferson returned to Virginia where he served as a member of the Virginia House of Delegates and sought to revise Virginia's laws to fit the ideals he had outlined in the Declaration of Independence while also authoring Virginia's statute for religious freedom; and

Whereas, Jefferson served two years as Governor of Virginia after being elected by the state's legislature; and

Whereas, after the tragic death of his beloved wife Martha, Jefferson returned to Philadelphia to lead the Virginia delegation to the Confederation of Congress and that body appointed him as the U.S. Minister to France; and

Whereas, in 1797, Republicans selected Jefferson as their candidate to succeed George Washington as President, but he finished a close second to John Adams during the election in the electoral college, and because of the rules at that time, he then became Vice-President; and

Whereas, the presidential election of 1800 revealed deep division in the Federalist Party and Republican candidates Thomas Jefferson and Aaron Burr tied for first place in the electoral college and after a contentious debate, the House of Representatives elected Jefferson to serve as the third President of the United States; and

Whereas, Jefferson's first term in office was the first peacetime transfer of power from one party to another and was remarkably successful and productive as he reduced the national debt and reduced government bureaucracy; and

Whereas, the priceless treasure of democracy which was Thomas Jefferson's legacy to the people of our great country, has secured for him a place of honor in the annals of history, now and forevermore:

Now, Therefore, Be It Resolved that we, the members of the Missouri Senate of the 98th General Assembly, Second Regular Session, rededicate our lives and pledge anew our devotion to those principles of democracy and human liberty, as envisioned by Thomas Jefferson, apostle of just government by free people.

Senator Kraus offered Senate Resolution No. 1971, regarding Elmer J. “E.J.” Hess , which was adopted.

Senator Schmitt assumed the Chair.

SCS for **SR 1793** was taken up.

Senator Schaefer offered **SS** for **SCS** for **SR 1793**:

SENATE SUBSTITUTE FOR
SENATE COMMITTEE SUBSTITUTE FOR
SENATE RESOLUTION NO. 1793

Whereas, on July 21, 2015, the President Pro Tempore of the Senate established, pursuant to Senate Rule No. 31, the Senate Interim Committee on the Sanctity of Life composed of seven members of the Missouri Senate (later amended to include ten members of the Senate) with the following duties:

1. Conduct an in-depth analysis of the Planned Parenthood business model and the methods by which they dispose of human remains from aborted fetuses;

2. Investigate whether Planned Parenthood, and any of its affiliates or associates, is or has engaged in activity contrary to the laws of this state;

3. Determine whether any state dollars have been directly used in such activity or used in a manner to offset expenses so that Planned Parenthood and any of its affiliates and associates might engage in such alleged activities;

4. Investigate whether any person, past or present, employed by the state of Missouri had any prior knowledge of any such alleged activity or misuse of state funds; and

5. Examine and investigate any other issues the Committee deems relevant to the allegations brought forth against Planned Parenthood; and

Whereas, over the course of several months, the Committee held public hearings to receive the testimony of witnesses and develop recommendations for the Missouri Senate; and

Whereas, on November 24, 2015, the Committee, pursuant to the call issued by the President Pro Tempore of the Senate on July 21, 2015, and as part of its legislative duties to investigate whether or not an entity that is receiving state funds violated any state laws, issued a subpoena duces tecum to Mary Kogut of Planned Parenthood of the St. Louis Region and Southwest Missouri (attached as Exhibit 1). The subpoena was properly signed by President Pro Tempore of the Missouri Senate Ron Richard and attested to by the Secretary of the Missouri Senate and received by Ms. Kogut on or about November 24, 2015; and

Whereas, the subpoena duces tecum commanded Ms. Kogut to provide the records contained in Attachment A to the subpoena within fourteen days after receiving service of the subpoena; and

Whereas, on December 4, 2015, an attorney representing Planned Parenthood of the St. Louis Region and Southwest Missouri (PPSLR) sent a letter to President Pro Tempore Richard objecting to the subpoena and indicating that PPSLR would not be producing responsive documents; and

Whereas, the objections to the subpoena duces tecum contained in the letter to President Pro Tempore Richard by PPSLR on December 4, 2015, have been distributed to the members of the Senate Committee on Rules, Joint Rules, Resolutions, and Ethics; and

Whereas, in the judgment of the Senate Committee on Rules, Joint Rules, Resolutions, and Ethics, the objections to the subpoena duces tecum are without merit and that such subpoena should be fully complied with; and

Whereas, correspondence between the counsel for the President Pro Tempore and PPSLR dated March 21, 2016, removed any possible ambiguity by clarifying that the subpoena duces tecum did not seek any personally identifiable information from any client; and

Whereas, to this day, PPSLR has failed to comply with a properly executed subpoena duces tecum issued by the Missouri Senate and has not indicated that it intends to ever comply with the subpoena duces tecum; and

Whereas, in the judgment of this body, the documents sought by the Committee were relevant and pertinent to the charge of the Committee and should have been produced by PPSLR in the time period denoted in the subpoena duces tecum; and

Whereas, the General Assembly is authorized to issue subpoenas pursuant to Senate Rule 14 as well as Section 21.400, RSMo, which states "Subpoenas for witnesses and the production of records shall be issued at the request of any member of the senate or the house of representatives, or the party accused, or any member of any committee; and all process awarded by the senate or house of representatives, and subpoenas and other process for witnesses whose attendance is required by either the senate or the house, or before any committee, shall be under the hand of the president pro tem, or the speaker and attested by the secretary or chief clerk, as the case may be, and shall be executed by the sergeant at arms of such house, or by a special messenger appointed for that purpose."; and

Whereas, the General Assembly possesses power under the Missouri Constitution to arrest and punish a person who is guilty of contemptuous behavior; specifically Article III, Section 18 of the Missouri Constitution states, in part, that "Each house [of the General Assembly] may arrest and punish by fine not exceeding three hundred dollars, or imprisonment in a county jail not exceeding ten days, or both, any person not a member, who shall be guilty of disrespect to the house by any disorderly or contemptuous behavior in its presence during its sessions..."; and

Whereas, Ms. Kogut and PPSLR appear to have had no lawful excuse for not complying with the subpoena duces tecum; that the information to be obtained by the Committee from PPSLR would be important and material for the Committee in fulfilling its legislative duties; that absent any lawful excuse it was the duty of Ms. Kogut and PPSLR to have provided the requested documents:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, hereby take notice of the aforementioned failure to comply with the subpoena duces tecum issued by the Missouri Senate; and

Be It Further Resolved that Ms. Kogut be summoned to appear at the bar of this body and show cause why she should not be found to have engaged in contemptuous behavior under Article III, Section 18 of the Missouri Constitution by refusing to comply with the subpoena issued under authority granted by Senate Rule 14 and section 21.400, RSMo, and be punished for said contempt; and

Be It Further Resolved that the President Pro Tempore of the Senate and the Secretary of the Senate are hereby authorized to issue the necessary process to bring Ms. Kogut to the Senate Chamber within the Missouri State Capitol on April 25, 2016, at 2:00 p.m., and the Sergeant-at-Arms, or his designee, is authorized and required to execute such process in the manner directed therein.

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-SECOND DAY—THURSDAY, APRIL 14, 2016

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"Don't let your brain interfere with your heart." (Albert Einstein)

Lord God, we bring another week to a close with the work we complete today. We pray that we have carefully thought through all the implications of the actions we have taken and the work we've undertaken. Help us while driving to debrief our brains so we can let our brains rest and not get in the way of our hearts. May our hearts be free to express the appreciation we have for our loved ones who make it possible for us to be here and for their understanding of how our thoughts and actions often are centered here rather than at home. And we ask that our hearts speak to their hearts so they may know the love we have for them. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

SENATE SUBSTITUTE FOR
SENATE COMMITTEE SUBSTITUTE FOR
SENATE RESOLUTION NO. 1794

Whereas, on July 21, 2015, the President Pro Tempore of the Senate established, pursuant to Senate Rule No. 31, the Senate Interim Committee on the Sanctity of Life composed of seven members of the Missouri Senate (later amended to include ten members of the Senate) with the following duties:

1. Conduct an in-depth analysis of the Planned Parenthood business model and the methods by which they dispose of human remains from aborted fetuses;

2. Investigate whether Planned Parenthood, and any of its affiliates or associates, is or has engaged in activity contrary to the laws of this state;

3. Determine whether any state dollars have been directly used in such activity or used in a manner to offset expenses so that Planned Parenthood and any of its affiliates and associates might engage in such alleged activities;

4. Investigate whether any person, past or present, employed by the state of Missouri had any prior knowledge of any such alleged activity or misuse of state funds; and

5. Examine and investigate any other issues the Committee deems relevant to the allegations brought forth against Planned Parenthood; and

Whereas, over the course of several months, the Committee held public hearings to receive the testimony of witnesses and develop recommendations for the Missouri Senate; and

Whereas, on November 24, 2015, the Committee, pursuant to the call issued by the President Pro Tempore of the Senate on July 21, 2015, and as part of its legislative duties to investigate whether or not an entity that is receiving state funds violated any state laws, issued a subpoena duces tecum to Dr. James Miller, Pathology Services, Inc. (attached as Exhibit 1). The subpoena was properly signed by President Pro Tempore of the Missouri Senate Ron Richard and attested to by the Secretary of the Missouri Senate and received by Dr. Miller on or about November 24, 2015; and

Whereas, the subpoena duces tecum commanded Dr. Miller and Pathology Services, Inc. to designate a knowledgeable person to appear before the Committee on Wednesday, December 2, 2015, to testify before the Committee and to provide the records contained in Attachment A to the subpoena at such time; and

Whereas, on December 1, 2015, Senator Schaefer, as chairman of the Committee, sent a letter to Dr. Miller extending the deadline to appear before the Committee to December 9, 2015, and Senator Schaefer sent another letter to Dr. Miller extending the deadline to appear before the Committee to December 16, 2015; and

Whereas, on December 10, 2015, an attorney representing Dr. Miller and Pathology Services sent by fax and via USPS a document to Senator Richard entitled "Objections to the Subpoena Duces Tecum Issued to Dr. James Miller and Pathology Services Inc."; and

Whereas, the objections to the subpoena duces tecum contained in the letter to President Pro Tempore Richard by Dr. Miller and Pathology Services on December 10, 2015, have been distributed to the members of the Senate Committee on Rules, Joint Rules, Resolutions, and Ethics; and

Whereas, in the judgment of the Senate Committee on Rules, Joint Rules, Resolutions, and Ethics, the objections to the subpoena duces tecum are without merit and that such subpoena should be fully complied with; and

Whereas, the subpoena duces tecum does not seek any personally identifiable information from any client; and

Whereas, to this day, Dr. Miller has failed to comply with a properly executed subpoena duces tecum issued by the Missouri Senate and has not indicated that he intends to ever comply with the subpoena duces tecum; and

Whereas, in the judgment of this body, the documents sought by the Committee were relevant and pertinent to the charge of the Committee and should have been produced by Dr. Miller in the time period denoted in the subpoena duces tecum and the letters from Senator Schaefer to Dr. Miller; and

Whereas, the General Assembly is authorized to issue subpoenas pursuant to Senate Rule 14 as well as Section 21.400, RSMo, which states "Subpoenas for witnesses and the production of records shall be issued at the request of any member of the senate or the house of representatives, or the party accused, or any member of any committee; and all process awarded by the senate or house of representatives, and subpoenas and other process for witnesses whose attendance is required by either the senate or the house, or before any committee, shall be under the hand of the president pro tem, or the speaker and attested by the secretary or chief clerk, as the case may be, and shall be executed by the sergeant at arms of such house, or by a special messenger appointed for that purpose."; and

Whereas, the General Assembly possesses power under the Missouri Constitution to arrest and punish a person who is guilty of contemptuous behavior; specifically Article III, Section 18 of the Missouri Constitution states, in part, that "Each house [of the General Assembly] may arrest and punish by fine not exceeding three hundred dollars, or imprisonment in a county jail not exceeding ten days, or both, any person not a member, who shall be guilty of disrespect to the house by any disorderly or contemptuous behavior in its presence during its sessions..."; and

Whereas, Dr. James Miller and Pathology Services Inc. appear to have had no lawful excuse for not complying with the subpoena duces tecum; that the information to be obtained by the Committee from Dr. Miller and Pathology Services Inc. would be important and material for the Committee in fulfilling its legislative duties; that absent any lawful excuse it was the duty of Dr. James Miller and Pathology Services Inc. to have provided the requested documents:

Now Therefore Be It Resolved that the members of the Missouri Senate, Ninety-eighth General Assembly, Second Regular Session, hereby take notice of the aforementioned failure to comply with the subpoena duces tecum issued by the Missouri Senate; and

Be It Further Resolved that Dr. Miller be summoned to appear at the bar of this body and show cause why he should not be found to have engaged in contemptuous behavior under Article III, Section 18 of the Missouri Constitution by refusing to comply with the subpoena issued under authority granted by Senate Rule 14 and Section 21.400, RSMo, and be punished for said contempt; and

Be It Further Resolved that the President Pro Tempore of the Senate and the Secretary of the Senate are hereby authorized to issue the necessary process to bring Dr. Miller to the Senate Chamber within the Missouri State Capitol on April 25, 2016, at 2:00 p.m., and the Sergeant-at-Arms, or his designee, is authorized and required to execute such process in the manner directed therein.

You send forth spring rain that provides us with the majesty of creation: fragrant meadows and rolling hills. So we are thankful and grateful for all you provide. We thank you for giving us to know former Senator Carl Vogel. We commend him to you, O Lord, receive him into his peace in you. (3) "Designated health care decision-maker", the person designated to make health care decisions for a patient under section 404.1104, not including a person acting as a guardian or an agent under a durable power of attorney for health care or any other person legally authorized to consent for the patient under any other law to make health care decisions for an incapacitated patient;

(4) "Disability" or "disabled" shall have the same meaning as defined in 42 U.S.C. Section 12102, the Americans with Disabilities Act of 1990, as amended; provided that the term "this chapter" in that definition shall be deemed to refer to the Missouri health care decision-maker act;

(5) "Health care", a procedure to diagnose or treat a human disease, ailment, defect, abnormality, or complaint, whether of physical or mental origin and includes:

(9) "Patient", any adult person or any person otherwise authorized to make health care decisions for himself or herself under Missouri law;

(10) "Physician", a treating, attending, or consulting physician licensed to practice medicine under Missouri law;

(11) "Reasonable medical judgment", a medical judgment that would be made by a reasonably prudent physician, knowledgeable about the case and the health care possibilities with respect to the medical conditions involved.

404.1102. The determination that a patient is incapacitated shall be made as set forth in section 404.825. A health care provider or health care facility may rely in the exercise of good faith and in accordance with reasonable medical judgment upon the health care decisions made for a patient by a designated health care decision-maker selected in accordance with section 404.1104, provided two licensed physicians determine, after reasonable inquiry and in accordance with reasonable medical judgment, that such patient is incapacitated and has neither a guardian with medical decision-making

authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, is not a child under the jurisdiction of the juvenile court under section 211.031, nor any other known person who has the legal authority to make health care decisions.

404.1103. Upon a determination that a patient is incapacitated, the physician or another health care provider acting at the direction of the physician shall make reasonable efforts to inform potential designated health care decision-makers set forth in section 404.1104 of whom the physician or physician's designee is aware, of the need to appoint a designated health care decision-maker. Reasonable efforts include, without limitation, identifying potential designated health care decision makers as set forth in subsection 1 of section 404.1104, a guardian with medical decision-making authority appointed in accordance with chapter 475, an attorney in fact appointed in a durable power of attorney for health care in accordance with sections 404.800 to 404.865, the juvenile court under section 211.031, or any other known person who has the legal authority to make health care decisions, by examining the patient's personal effects and medical records. If a family member, attorney in fact for health care or guardian with health care decision-making authority is identified, a documented attempt to contact that person by telephone, with all known telephone numbers and other contact information used, shall be made within twenty-four hours after a determination of incapacity is made as provided in section 404.1102.

404.1104. 1. If a patient is incapacitated under the circumstances described in section 404.1102 and is unable to provide consent regarding his or her own health care, and does not have a legally appointed guardian, an agent under a health care durable power of attorney, is not under the jurisdiction of the juvenile court, or does not have any other person who has legal authority to consent for the patient, decisions concerning the patient's health care may be made by the following competent persons in the following order of priority, with the exception of persons excluded under subsection 4 of section 404.1104:

(1) The spouse of the patient, unless the spouse and patient are separated under one of the following:

(a) A current dissolution of marriage or separation action;

(b) A signed written property or marital settlement agreement;

(c) A permanent order of separate maintenance or support or a permanent order approving a property or marital settlement agreement between the parties;

(2) An adult child of the patient;

(3) A parent of the patient;

(4) An adult sibling of the patient;

(5) A person who is a member of the same community of persons as the patient who is bound by vows to a religious life and who conducts or assists in the conducting of religious services and actually and regularly engages in religious, benevolent, charitable, or educational ministry, or performance of health care services;

(6) An adult who can demonstrate that he or she has a close personal relationship with the patient

and is familiar with the patient's personal values; or

(7) Any other person designated by the unanimous mutual agreement of the persons listed above who is involved in the patient's care.

2. If a person who is a member of the classes listed in subsection 1 of this section, regardless of priority, or a health care provider or a health care facility involved in the care of the patient, disagrees on whether certain health care should be provided to or withheld or withdrawn from a patient, any such person, provider, or facility, or any other person interested in the welfare of the patient may petition the probate court for an order for the appointment of a temporary or permanent guardian in accordance with subsection 8 of this section to act in the best interest of the patient.

3. A person who is a member of the classes listed in subsection 1 of this section shall not be denied priority under this section based solely upon that person's support for, or direction to provide, withhold or withdraw health care to the patient, subject to the rights of other classes of potential designated decision-makers, a healthcare provider, or healthcare facility to petition the probate court for an order for the appointment of a temporary or permanent guardian under subsection 8 of this section to act in the best interests of the patient.

4. Priority under this section shall not be given to persons in any of the following circumstances:

(1) If a report of abuse or neglect of the patient has been made under section 192.2475, 198.070, 208.912, 210.115, 565.188, 630.163 or any other mandatory reporting statutes, and if the health care provider knows of such a report of abuse or neglect, then unless the report has been determined to be unsubstantiated or unfounded, or a determination of abuse was finally reversed after administrative or judicial review, the person reported as the alleged perpetrator of the abuse or neglect shall not be given priority or authority to make health care decisions under subsection 1 of this section, provided that such a report shall not be based on the person's support for, or direction to provide, health care to the patient;

(2) If the patient's physician or the physician's designee reasonably determines, after making a diligent effort to contact the designated health care decision-maker using known telephone numbers and other contact information and receiving no response, that such person is not reasonably available to make medical decisions as needed or is not willing to make health care decisions for the patient; or

(3) If a probate court in a proceeding under subsection 8 of this section finds that the involvement of the person in decisions concerning the patient's health care is contrary to instructions that the patient had unambiguously, and without subsequent contradiction or change, expressed before he or she became incapacitated. Such a statement to the patient's physician or other health care provider contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider shall be deemed such an instruction, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

5. (1) The designated health care decision-maker shall make reasonable efforts to obtain information regarding the patient's health care preferences from health care providers, family, friends, or others who may have credible information.

(2) The designated health care decision-maker, and the probate court in any proceeding under

subsection 8 of this section, shall always make health care decisions in the patient's best interests, and if the patient's religious and moral beliefs and health care preferences are known, in accordance with those beliefs and preferences.

6. This section does not authorize the provision or withholding of health care services that the patient has unambiguously, without subsequent contradiction or change of instruction, expressed that he or she would or would not want at a time when such patient had capacity. Such a statement to the patient's physician or other health care provider, contemporaneously recorded in the patient's medical record and signed by the patient's physician or other health care provider, shall be deemed such evidence, subject to the ability of a party to a proceeding under subsection 8 of this section to dispute its accuracy, weight, or interpretation.

7. A designated health care decision-maker shall be deemed a personal representative for the purposes of access to and disclosure of private medical information under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), 42 U.S.C. Section 1320d and 45 CFR 160-164.

8. Nothing in sections 404.1100 to 404.1110 shall preclude any person interested in the welfare of a patient including, but not limited to, a designated health care decision-maker, a member of the classes listed in subsection 1 of this section regardless of priority, or a health care provider or health care facility involved in the care of the patient, from petitioning the probate court for the appointment of a temporary or permanent guardian for the patient including expedited adjudication under chapter 475.

9. Pending the final outcome of proceedings initiated under subsection 8 of this section, the designated health care decision-maker, health care provider, or health care facility shall not withhold or withdraw, or direct the withholding or withdrawal, of health care, nutrition, or hydration whose withholding or withdrawal, in reasonable medical judgment, would result in or hasten the death of the patient, would jeopardize the health or limb of the patient, or would result in disfigurement or impairment of the patient's faculties. If a health care provider or a health care facility objects to the provision of such health care, nutrition, or hydration on the basis of religious beliefs or sincerely held moral convictions, the provider or facility shall not impede the transfer of the patient to another health care provider or health care facility willing to provide it, and shall provide such health care, nutrition, or hydration to the patient pending the completion of the transfer. For purposes of this section, artificially supplied nutrition and hydration may be withheld or withdrawn during the pendency of the guardianship proceeding only if, based on reasonable medical judgment, the patient's physician and a second licensed physician certify that the patient meets the standard set forth in subdivision (2) of subsection 1 of section 404.1105. If tolerated by the patient and adequate to supply the patient's needs for nutrition or hydration, natural feeding should be the preferred method.

404.1105. 1. No designated health care decision-maker may, with the intent of hastening or causing the death of the patient, authorize the withdrawal or withholding of nutrition or hydration supplied through either natural or artificial means. A designated health care decision-maker may authorize the withdrawal or withholding of artificially supplied nutrition and hydration only when the physician and a second licensed physician certify in the patient's medical record based on reasonable medical judgment that:

(1) Artificially supplied nutrition or hydration are not necessary for comfort care or the relief of

pain and would serve only to prolong artificially the dying process and where death will occur within a short period of time whether or not such artificially supplied nutrition or hydration is withheld or withdrawn; or

(2) Artificially supplied nutrition or hydration cannot be physiologically assimilated or tolerated by the patient.

2. When tolerated by the patient and adequate to supply the patient's need for nutrition or hydration, natural feeding should be the preferred method.

3. The provisions of this section shall not apply to subsection 3 of section 459.010.

404.1106. If any of the individuals specified in section 404.1104 or the designated health care decision-maker or physician believes the patient is no longer incapacitated, the patient's physician shall reexamine the patient and determine in accordance with reasonable medical judgment whether the patient is no longer incapacitated, shall certify the decision and the basis therefor in the patient's medical record, and shall notify the patient, the designated health care decision-maker, and the person who initiated the redetermination of capacity. Rights of the designated health care decision-maker shall end upon the physician's certification that the patient is no longer incapacitated.

404.1107. No health care provider or health care facility that makes good faith and reasonable attempts to identify, locate, and communicate with potential designated health care decision-makers in accordance with sections 404.1100 to 404.1110 shall be subject to civil or criminal liability or regulatory sanction for any act or omission related to his or her or its effort to identify, locate, and communicate with or act upon any decision by or for such actual or potential designated health care decision-makers.

404.1108. 1. A health care provider or a health care facility may decline to comply with the health care decision of a patient or a designated health care decision-maker if such decision is contrary to the religious beliefs or sincerely held moral convictions of a health care provider or health care facility.

2. If at any time, a health care facility or health care provider determines that any known or anticipated health care preferences expressed by the patient to the health care provider or health care facility, or as expressed through the patient's designated health care decision-maker, are contrary to the religious beliefs or sincerely held moral convictions of the health care provider or health care facility, such provider or facility shall promptly inform the patient or the patient's designated health care decision-maker.

3. If a health care provider declines to comply with such health care decision, no health care provider or health care facility shall impede the transfer of the patient to another health care provider or health care facility willing to comply with the health care decision.

4. Nothing in this section shall relieve or exonerate a health care provider or a health care facility from the duty to provide for the health care, care, and comfort of a patient pending transfer under this section. If withholding or withdrawing certain health care would, in reasonable medical judgment, result in or hasten the death of the patient, such health care shall be provided pending completion of the transfer. Notwithstanding any other provision of this section, no such health care shall be denied on the basis of a view that treats extending the life of an elderly, disabled, or

terminally ill individual as of lower value than extending the life of an individual who is younger, nondisabled, or not terminally ill, or on the basis of the health care provider's or facility's disagreement with how the patient or individual authorized to act on the patient's behalf values the tradeoff between extending the length of the patient's life and the risk of disability.

404.1109. No health care decision-maker shall withhold or withdraw health care from a pregnant patient, consistent with existing law, as set forth in section 459.025.

404.1110. Nothing in sections 404.1100 to 404.1110 is intended to:

(1) Be construed as condoning, authorizing, or approving euthanasia or mercy killing; or

(2) Be construed as permitting any affirmative or deliberate act to end a person's life, except to permit natural death as provided by sections 404.1100 to 404.1110."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HOUSE AMENDMENT NO. 3

Amend House Committee Substitute for Senate Substitute for Senate Bill No. 621, Page 20, Section 208.686, Line 55, by inserting after all of said section and line the following:

"324.001. 1. For the purposes of this section, the following terms mean:

(1) "Department", the department of insurance, financial institutions and professional registration;

(2) "Director", the director of the division of professional registration; and

(3) "Division", the division of professional registration.

2. There is hereby established a "Division of Professional Registration" assigned to the department of insurance, financial institutions and professional registration as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

3. The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care

provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.

4. The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's qualifications, or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.

5. The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

6. For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection 5 of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection 5 of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

7. The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

8. All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-

client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

9. Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

10. A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

11. (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically

included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of insurance, financial institutions and professional registration. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

12. All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

13. Wherever the laws, rules, or regulations of this state make reference to the "division of professional registration of the department of economic development", such references shall be deemed to refer to the division of professional registration.

14. (1) The state board of nursing, board of pharmacy, Missouri dental board, state committee of psychologists, state board of chiropractic examiners, state board of optometry, Missouri board of occupational therapy, or state board of registration for the healing arts may individually or collectively enter into a contractual agreement with the department of health and senior services, a public institution of higher education, or a nonprofit entity for the purpose of collecting and analyzing workforce data from its licensees, registrants, or permit holders for future workforce planning and to assess the accessibility and availability of qualified health care services and practitioners in Missouri. The boards shall work collaboratively with other state governmental entities to ensure coordination and avoid duplication of efforts.

(2) The boards may expend appropriated funds necessary for operational expenses of the program formed under this subsection. Each board is authorized to accept grants to fund the collection or analysis authorized in this subsection. Any such funds shall be deposited in the respective board's fund.

(3) Data collection shall be controlled and approved by the applicable state board conducting or requesting the collection. Notwithstanding the provisions of section 334.001, the boards may release identifying data to the contractor to facilitate data analysis of the health care workforce including, but not limited to, geographic, demographic, and practice or professional characteristics of licensees. The state board shall not request or be authorized to collect income or other financial earnings data.

(4) Data collected under this subsection shall be deemed the property of the state board requesting the data. Data shall be maintained by the state board in accordance with chapter 610, provided that any information deemed closed or confidential under subsection 8 of this section or any other

provision of state law shall not be disclosed without consent of the applicable licensee or entity or as otherwise authorized by law. Data shall only be released in an aggregate form by geography, profession or professional specialization, or population characteristic in a manner that cannot be used to identify a specific individual or entity. Data suppression standards shall be addressed and established in the contractual agreement.

(5) Contractors shall maintain the security and confidentiality of data received or collected under this subsection and shall not use, disclose, or release any data without approval of the applicable state board. The contractual agreement between the applicable state board and contractor shall establish a data release and research review policy to include legal and institutional review board, or agency equivalent, approval.

(6) Each board may promulgate rules subject to the provisions of this subsection and chapter 536 to effectuate and implement the workforce data collection and analysis authorized by this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. include:

(a) The average negotiated reimbursement amount to any health care provider;

(b) Any deductibles, copayments, or coinsurance amounts, including those whose disclosure is mandated under section 376.446; and

(c) Any amounts not covered under the health benefit plan;

(8) "Public or private third party", a state government, the federal government, employer, health carrier, third-party administrator, or managed care organization.

3. On or after July 1, 2017, any patient or consumer of health care services who makes a written request for an estimate of the cost of health care services from a health care provider shall be provided such estimate no later than five business days after receiving such request, except when the requested information is posted on the department's website under subsection 8 of this section. Any patient or consumer of health care services who makes a written request for the insurance costs from such patient's or consumer's health carrier shall be provided such insurance costs no later than five business days after receiving such request. The provisions of this subsection shall not apply to emergency health care services.

4. Health care providers, and the department under subsection 8 of this section, shall include with any estimate of costs the following: "Your estimated cost is based on the information entered and assumptions about typical utilization and costs. The actual amount billed to you may be different from the estimate of costs provided to you. Many factors affect the actual bill you will receive, and this estimate of costs does not account for all of them. Additionally, the estimate of costs is not a guarantee of insurance coverage. You will be billed at the health care provider's charge for any service provided to you that is not a covered benefit under your plan. Please check with your insurance company to receive an estimate of the amount you will owe under your plan or if you need help understanding your benefits for the service chosen.".

5. Health carriers shall include with any insurance costs the following: "Your insurance costs are based on the information entered and assumptions about typical utilization and costs. The actual amount of insurance costs and the amount billed to you may be different from the insurance costs provided to you. Many factors affect the actual insurance costs, and the insurance costs provided do not account for all of them. Additionally, the insurance costs provided are limited to the specific information provided and are not a guarantee of insurance coverage for additional services. You will be billed at the health care provider's charge for any service provided to you that is not a covered benefit under your plan. You may contact us if you need further assistance in understanding your benefits for the service chosen.".

6. Each health care provider shall also make available the percentage or amount of any discounts for cash payment of any charges incurred through the health care provider's website or by making it available at the health care provider's location.

7. Nothing in this section shall be construed as violating any health care provider contract provisions with a health carrier that prohibit disclosure of the health care provider's fee schedule with a health carrier to third parties.

8. The department shall make available to the public on its website the most current price information it receives from hospitals under subsections 9 and 10 of this section. The department shall provide this information in a manner that is easily understood by the public and meets the following minimum requirements:

(1) Information for each participating hospital shall be listed separately and hospitals shall be listed in groups by category as determined by the department in rules adopted under this section; and

(2) Information for each hospital outpatient department shall be listed separately.

9. Beginning with the quarter ending June 30, 2017, and quarterly thereafter, each participating hospital shall provide to the department, in the manner and format determined by the department, the following information about the one hundred most frequently reported admissions by DRG for inpatients as established by the department:

(1) The amount that will be charged to a patient for each DRG if all charges are paid in full without a public or private third party paying for any portion of the charges;

(2) The average negotiated settlement on the amount that will be charged to a patient required to be provided in subdivision (1) of this subsection;

(3) The amount of MO HealthNet reimbursement for each DRG, including claims and pro rata supplemental payments; and

(4) The amount of Medicare reimbursement for each DRG.

A hospital shall not report or be required to report the information required by this subsection for any of the one hundred most frequently reported admissions where the reporting of that information reasonably could lead to the identification of the person or persons admitted to the hospital in violation of the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA) or other federal law.

10. Beginning with the quarter ending June 30, 2017, and quarterly thereafter, each participating hospital shall provide to the department, in a manner and format determined by the department, information on the total costs for the twenty most common outpatient surgical procedures and the twenty most common imaging procedures, by volume, performed in hospital outpatient settings. Participating hospitals shall report this information in the same manner as required by subsection 9 of this section, provided that hospitals shall not report or be required to report the information required by this subsection where the reporting of that information reasonably could lead to the identification of the person or persons admitted to the hospital in violation of HIPAA or other federal law.

11. A hospital shall provide the information specified under subsections 9 and 10 of this section to the department. A hospital which does so shall not be required to provide that information pursuant to subsection 3 of this section.

12. Any data disclosed to the department by a hospital under subsections 9 and 10 of this section shall be the sole property of the hospital that submitted the data. Any data or product derived from the data disclosed under subsections 9 and 10 of this section, including a consolidation or analysis of the data, shall be the sole property of the state. Any proprietary information received by the

department shall be a proprietary interest and may be closed under the provisions of subdivision (15) of section 610.021. The department shall not allow information it receives or discloses under subsections 9 and 10 of this section to be used by any person or entity for commercial purposes.

13. The department shall promulgate rules to implement the provisions of this section. The rules relating to subsections 8 to 12 of this section shall include all of the following:

(1) The one hundred most frequently reported DRGs for inpatients for which participating hospitals will provide the data required under subsection 9 of this section;

(2) Specific categories by which hospitals shall be grouped for the purpose of disclosing this information to the public on the department's website; and

(3) The twenty most common outpatient surgical procedures and the twenty most common imaging procedures, by volume, performed in a hospital outpatient setting required under subsection 10 of this section.

Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and"; and

2. The provisions of this section shall only apply if the hospital:

(1) Receives less than one percent of its annual revenues from municipal, county, or state taxes; and

(2) Receives less than one percent of its annual revenue from appropriated funds from the municipality in which such hospital is located."; and

Further amend said bill, Page 5, Section 191.1146, Line 20, by inserting after all of said line the following:

"197.315. 1. Any person who proposes to develop or offer a new institutional health service within the state must obtain a certificate of need from the committee prior to the time such services are offered.

2. Only those new institutional health services which are found by the committee to be needed shall be granted a certificate of need. Only those new institutional health services which are granted certificates of need shall be offered or developed within the state. No expenditures for new institutional health services in excess of the applicable expenditure minimum shall be made by any person unless a certificate of need has been granted.

3. After October 1, 1980, no state agency charged by statute to license or certify health care facilities shall issue a license to or certify any such facility, or distinct part of such facility, that is developed without obtaining a certificate of need.

4. If any person proposes to develop any new institutional health care service without a certificate of need as required by sections 197.300 to 197.366, the committee shall notify the attorney general, and he shall apply for an injunction or other appropriate legal action in any court of this state against that person.

5. After October 1, 1980, no agency of state government may appropriate or grant funds to or make payment of any funds to any person or health care facility which has not first obtained every certificate of need required pursuant to sections 197.300 to 197.366.

7. Project cost increases, due to changes in the project application as approved or due to project change orders, exceeding the initial estimate by more than ten percent shall not be incurred without consent of the committee.

8. Periodic reports to the committee shall be required of any applicant who has been granted a certificate of need until the project has been completed. The committee may order the forfeiture of the certificate of need upon failure of the applicant to file any such report.

9. A certificate of need shall be subject to forfeiture for failure to incur a capital expenditure on any approved project within six months after the date of the order. The applicant may request an extension from

the committee of not more than six additional months based upon substantial expenditure made.

10. Each application for a certificate of need must be accompanied by an application fee. The time of filing commences with the receipt of the application and the application fee. The application fee is one thousand dollars, or one-tenth of one percent of the total cost of the proposed project, whichever is greater. All application fees shall be deposited in the state treasury. Because of the loss of federal funds, the general assembly will appropriate funds to the Missouri health facilities review committee.

11. In determining whether a certificate of need should be granted, no consideration shall be given to the facilities or equipment of any other health care facility located more than a fifteen-mile radius from the applying facility.

12. When a nursing facility shifts from a skilled to an intermediate level of nursing care, it may return to the higher level of care if it meets the licensure requirements, without obtaining a certificate of need.

13. In no event shall a certificate of need be denied because the applicant refuses to provide abortion services or information.

14. A certificate of need shall not be required for the transfer of ownership of an existing and operational health facility in its entirety.

17. Notwithstanding other provisions of this section, a certificate of need may be issued after July 1, 1983, for an intermediate care facility operated exclusively for the intellectually disabled.

18. To assure the safe, appropriate, and cost-effective transfer of new medical technology throughout the state, a certificate of need shall not be required for the purchase and operation of**:**

(1) Research equipment that is to be used in a clinical trial that has received written approval from a duly constituted institutional review board of an accredited school of medicine or osteopathy located in Missouri to establish its safety and efficacy and does not increase the bed complement of the institution in which the equipment is to be located. After the clinical trial has been completed, a certificate of need must be obtained for continued use in such facility**; or**

(2) Equipment that is to be used by an academic health center operated by the state in furtherance of its research or teaching missions."; and

Journal of the Senate

SECOND REGULAR SESSION

FIFTY-SIXTH DAY—THURSDAY, APRIL 21, 2016

The Senate met pursuant to adjournment.

President Kinder in the Chair.

Reverend Carl Gauck offered the following prayer:

"O give thanks to the lord for he is good for his steadfast love endures forever." (Psalm 136:1)

Blessed Lord, we do thank You for all You do for us and pray that as we finish this day You will watch over our traveling. Keep us mindful of our responsibilities as we drive and encounter others on the road. Control our disposition so another's foolishness or rage does not have us respond in kind. And we ask that You bring us safely home to those we love. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

MESSAGES FROM THE HOUSE

The following messages were received from the House of Representatives through its Chief Clerk:

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and passed **HCS** for **HCR 57**, entitled:

HOUSE COMMITTEE SUBSTITUTE FOR
HOUSE CONCURRENT RESOLUTION NO. 57

Relating to an application to Congress for the calling of an Article V convention of states to propose certain amendments to the United States Constitution which place limits on the federal government.

WHEREAS, the Founders of our Constitution empowered state legislators to be guardians of liberty against future abuses of power by the federal government; and

WHEREAS, the federal government has created a crushing national debt through improper and imprudent spending; and

WHEREAS, the federal government has invaded the legitimate roles of the states through the manipulative process of federal mandates, most of which are unfunded to a great extent; and

WHEREAS, the federal government has ceased to live under a proper interpretation of the Constitution of the United States; and

WHEREAS, it is the solemn duty of the states to protect the liberty of our people - particularly for the generations to come - to propose amendments to the United States Constitution through a convention of states under Article V to place clear restraints on these and related abuses of power:

NOW THEREFORE BE IT RESOLVED that the members of the House of Representatives of the Ninety-eighth General Assembly, Second Regular Session, the Senate concurring therein, hereby apply to Congress, under the provisions of Article V of the United States Constitution, for the calling of a convention of the states limited to proposing amendments to the United States Constitution that impose fiscal restraints on the federal government, limit the power and jurisdiction of the federal government, and limit the terms of office for its officials and members of Congress; and

BE IT FURTHER RESOLVED that the General Assembly adopts this application with the following understandings (as the term "understandings" is used within the context of "reservations, understandings, and declarations"):

(1) An application to Congress for an Article V convention confers no power on Congress other than to perform a ministerial function to "call" for a convention;

(2) This ministerial duty shall be performed by Congress only when Article V applications for substantially the same purpose are received from two-thirds of the legislatures of the several states;

(3) The power of Congress to "call" a convention solely consists of the authority to name a reasonable time and place for the initial meeting of the convention;

(4) Congress possesses no power whatsoever to name delegates to the convention, as this power remains exclusively within the authority of the legislatures of the several states;

(5) Congress possesses no power to set the number of delegates to be sent by any states;

(6) Congress possesses no power whatsoever to determine any rules for such convention;

(7) By definition, a Convention of States means that states vote on the basis of one state, one vote;

(8) A Convention of States convened pursuant to this application is limited to consideration of topics specified herein and no other;

(9) The General Assembly of Missouri may recall its delegates at any time for breach of their duties or violations of their instructions;

(10) Pursuant to the text of Article V, Congress may determine whether proposed amendments shall be ratified by the legislatures of the several states or by special state ratification conventions. The General Assembly of Missouri recommends that Congress specify its choice on ratification methodology contemporaneously with the call for the convention;

(11) Congress possesses no power whatsoever with regard to the Article V convention beyond the two powers acknowledged herein;

(12) Missouri places express reliance on prior legal and judicial determinations that Congress possesses no power under Article I relative to the Article V process, and that Congress must act only as expressly specified in Article V; and

BE IT FURTHER RESOLVED that this application shall expire five (5) years after the passage of this resolution; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President and Secretary of the United States Senate, the Speaker and Clerk of the United States House of Representatives, each member of the Missouri Congressional delegation, and the presiding officers of each of the legislative houses in the several states requesting their cooperation.
